PR860 Portables

The combination of durability and performance make the Motorola PR860™ Portable Two Way Radio a strong option for construction and manufacturing firms as well as any organization concerned with security and quick response. It offers a unique combination of advanced performance options and a rugged design, all in a surprisingly light weight radio (12.8 oz. with the standard impress Li-ion battery). The Motorola PR860™ Portable Two Way Radio also offers an extremely high level of sound clarity and dynamics for a radio at this price. It has been ergonomically designed to handle easily, with bigger knobs and controls that can be easily operated even wearing heavy gloves. Additionally it meets strict U.S. military specifications and Motorola standards for durability and reliability.
