CT Immunization Registry & Tracking System (CIRTS) Introduces families to the CIRTS program and tells how this statewide database can help ensure that children receive all of the shots they need. Explains how children become enrolled in CIRTS, who has access to CIRTS information, and how parents can obtain their child's shot history. *8 panels, 3 1/2" x 8", Full-color photo illus. brochure.*		
NEW! **Shots For Tots--The Importance of Immunization For Your Child** Clearly explains why immunization is important for every child. Covers the leading childhood illnesses, and gives information on how to obtain a copy of your child's immunization history. Contains current recommended childhood immunization schedule and the Connecticut school and day care immunization regulations. *16 pages, 5 1/2 " X 8". Classic illustrated booklet.*	**NOT IN STOCK**	
Guard Your Child's Health -- With Shots! Very basic text and engaging illustrations make for an effective way to promote childhood immunizations to parents for whom reading is a challenge. Central messages are that shots are safe, and that it's important to keep a record of shots and to never skip shots. Includes a state of Connecticut immunization schedule. *8 panels, 3 1/2" x 8" brochure.*		
 **Ready or Not** This colorful 30-page family guide to learning begins with pregnancy and ends in the schoolhouse. It offers parents information on the building blocks to school readiness with facts and action steps to take as a parent to best prepare your child for learning.		
Your Child and Vaccine Safety Emphasizes the benefits and safety of vaccines, the very serious health risks un-immunized children face, and the fact that vaccines are now safer than they've ever been. Clearly states that benefits outweigh any risk. Back cover features up-to-date immunization schedule. *16 pages, 5 1/2" x 8" Full-color realistic illustrations brochure.*		
NEW! **Protect Your Preteen or Teen with Shots--They're Not Just for Babies!** This informative, motivational booklet teaches parents that shots are just as important for preteens as they are for infants and toddlers - -and get a handy chart of "catch-up" and older-child immunizations. Also included: brief explanations of diseases of special concern that shots can protect against, special issues --and immunizations - -for preteens who are considered at high risk. *8 pages, 5 1/2" x 8". Full-color photo illustrated booklet*	**NOT IN STOCK**	**NOT IN STOCK**
NEW! **Why Get a Yearly Flu Shot?** Promotes annual flu shots as a means of preventing the discomfort and potential serious consequences of the flu. Describes the flu, its symptoms, and complications; how it spreads; and how flu shots work. Dispels myths about the shot, and discusses the nasal spray vaccine option. Readers also learn who should get an annual flu shot, and when and where they can get one. *8 panels, 3 1/2" x 8". Full-color photo illustrated brochure*		
Immunizations For A Healthy Pregnancy Helps dispel fears and confusion about immunizations during pregnancy, and clearly presentsthe basic information all pregnant women should know--including both the shots they need and the shots they should avoid during pregnancy. *8 panels, 3 1/2" x 8" Full color photo llus. folder.*		NA

The HPV Vaccine -- Your Cervical Cancer Defense This "just the facts" brochure combines research-based, up-to-the-minute information with youth-targeted graphics to quickly update readers on the three-shot vaccine, help them determine if it's right for them, and encourage them to team it with Pap tests and other healthy behaviors for best results. Also discusses vaccine safety and effectiveness. *8 panels, 3 1/2" x 8" Full-color photo illustrated brochure*		NA
Help Prevent Cervical Cancer -- HPV Vaccination For Your Daughter Compelling, eye-catching brochure helps parents quickly understand what this breakthrough three-shot vaccine could mean to the health of their daughters. It clearly explains what the vaccine is, how it helps protect recipients from the two types of HPV virus that cause most cervical cancers, and the importance of fully immunizing young women before they become sexually active. *8 panels, 3 1/2" x 8"Full-color photo illustrated brochure*		
My Child's Immunization Record A pocket-sized, personal 6-page booklet for parents to keep track of their child's shots and other routine tests during a child's checkup. Contains important phone numbers for Connecticut resources. *Includes protective vinyl sleeve*		NA
NEW! **CIRTS DVD** This 7 minute video describes what the CIRTS registry is and the benefits it provides to parents and doctors. Addresses confidentiality. English and Spanish option on same DVD, plus a continuous loop option. Great for waiting rooms! *(Max. 2 per order)*
