Project Name: . . Dissemination of Surveillance Data to the General Public and other audiences	
Project Description (max. 130 words): *Please include desired outcome or product in your description.	

Dissemination of asthma information is critical to inform a variety of audiences affected by asthma/working with individuals affected by asthma. During the summer, the intern will be expected to be involved in the development of a newsletter, updating the Asthma Website, creating a brochure for the Statewide Asthma Partnership to be distributed to professionals, and creating informational fact sheets.
