# STATE OF CONNECTICUT

*DEPARTMENT OF SOCIAL SERVICES*

**To:** **Districts Participating in Medicaid School Based Child Health Medicaid Program**

**From:** **Kate McEvoy, Esq., Director of Health Services** KM

**Re:** **Guidance on School Based Child Health Services Program from Sources Not Affiliated with Department of Social Services**

**Date:** **June 30, 2016**

***Background***

Numerous school districts have contacted the Department of Social Services (DSS) concerning misinformation that has recently been shared about the School Based Child Health (SBCH) Medicaid Program. As the single state Medicaid agency tasked with the administration of the SBCH program, all official policy decisions are made and disseminated by the Department of Social Services.

***Clarification***

Questions regarding any of the requirements of the SBCH Program as it relates to Medicaid program should be directed to DSS. Program guidance is also distributed and posted to the SBCH webpage at http://www.ct.gov/dss/cwp/view.asp?a=2349&q=526930.

***Questions***

If you have any questions about the above information please contact DSS directly at DSS.SBCH@ct.gov.
