

Connecticut Veteran's Home

Description:

The Connecticut Department of Veterans' Affairs Veterans Home and Chronic Care facility provides comprehensive services for veterans ranging from inpatient hospital care to residential rehabilitation services.

The Department operates a licensed and accredited 350-bed chronic care facility, which provides a full range of inpatient medical services. Chronic Care facility services include a 24-bed Alzheimer's Unit, hospice beds and a Caregiver Respite program. Comprehensive substance abuse treatment services are also offered.

The rehabilitation program is provided in a 400-bed domiciliary facility. Its primary goal is to return as many individuals as possible to a productive and independent life. The Department also operates three state veteran's cemeteries and provides payment for the installation of veteran's headstones and an allowance for a state veteran's burial.
