NOTICE TO USING STATE AGENCIES CONCERNING THIS CONTRACT:

In keeping with a directive from Governor Rell, this contract has a “Do Not Order” status placed on it until further notice.

If there is a justifiable situation where an agency deems it essential and critical for business operations to purchase IT products and/or services the following process must be followed:

- 1) A purchase request must be submitted to DOIT via the CORE-10 system. In the verbiage of that request the agency must certify that the purchase is an “Emergency” purchase that is essential to the operation of the agency” and must explain why. The request is reviewed and approved on a hierarchical basis by individuals in the approval chain at the agency as well as here at DOIT. If all approvers agree with the emergency nature of the purchase and it is confirmed that the funding source for the purchase is in tact, then DOIT will approve the purchase and communicate that back to the agency through the system.
- 2) If the request is denied, agencies will not be able to make the purchase using alternative purchasing authorities or purchasing methods (i.e., GL-71, P-card or bid waiver/sole source requests). DOIT is closely monitoring purchasing activity to ensure that spending reduction mandates are being adhered to.

State of CT PC Peripherals ordering system overview:

For more information and downloads, please use this link:

<http://www.ct.gov/doit/cwp/view.asp?a=2296&q=303116>

As a result of a bidding process by DOIT, one vendor is currently under contract to provide computer peripherals for the State:

ePlus Technology, Inc. at TeamCT@eplus.com
Phone Number: 860-676-4518
Fax Number: 781-615-1401

Agencies will be able to order computer peripherals primarily through CORE-CT. Access via the vendors website, or by phone, fax, or mail is also available.

On the website, a “market basket” approach conveniently allows browsing and ordering of peripheral products in the categories covered by the contract. The Internet-based ordering system provides a secure, hierarchical-based approval process, to ensure that orders are approved according to agencies’ internal business rules, and that orders are fiscally responsible. The entire process is administered at DOIT, through central contacts at the agencies.

For Agencies NOT using CORE-CT:

How to establish a user account on the state peripherals ordering website:

Contact the "central peripherals contact" for your agency. This is usually someone in the business office, or purchasing office for your agency. Or, you may call the peripherals ordering system administrator at to find out who has been identified as your central contact.

The process of creating, deleting, or modifying user accounts at each agency is always coordinated through the central contact person, and begins with the Role Assignment Forms. Once the forms are submitted to DOIT, the administrator at DOIT then creates user accounts, enabling access to the peripherals website(s).

For further info:

Please see Contract Award 08ITZ0096 for details.

If you have questions regarding the contract details, would like to provide feedback on vendor performance, have questions regarding user accounts or using the vendor website, please contact the peripherals administrator, Elizabeth Basso (860) 622-2037, email: elizabeth.basso@ct.gov

Department of Information Technology Computer Peripherals Ordering System User Guide

As a result of a bidding process by DOIT, one vendor is currently under contract to provide computer peripherals for the State of Connecticut: **ePlus Technologies, Inc.**

To Order (outside of CORE): TeamCT@eplus.com
Phone Number: 860-676-4518
Fax Number: 781-615-1401

Agencies will be able to order computer peripherals primarily through CORE-CT. Other purchasing options: via vendor's website, by phone, fax, or mail. On the website, a "market basket" approach conveniently allows browsing and ordering of peripheral products, in the categories covered by the contract.

USER REGISTRATION:

The Internet-based ordering system provides a secure, hierarchical-based approval process, to ensure that orders are approved according to agencies' internal business rules, and that orders are fiscally responsible. The entire process is administered at DOIT, through a central contact at each agency. The central contact should use the "Role Assignment Form" to submit information to assign roles; define corresponding escalation limits; and begin the process of empowering those assigned individuals to order or approve peripherals purchases. Future revisions (Add/Delete/Change names) to role assignments may be submitted on the same forms. Only individuals assigned to the following roles will have ANY access to these websites:

- ▶ Purchasing User/Buyer (makes purchases, run reports)
- ▶ Manager/Approver (approves purchases beyond preset criteria, runs reports)
- ▶ View Only access (may browse/search for product info, get quotes, run any available reports, but cannot make or approve purchases).

NOTE: Existing users of the previous contract/ordering system have been loaded into the ePlus online ordering system. No changes have been made to approval levels, responsibilities, etc. Please notify the contract administrator immediately if you encounter any problems in this area. To update, make changes to order routing, add or delete users, submit a new Role Assignment Form through the Central Agency Contact.

Send forms to: Elizabeth Basso, DOIT, 101 East River Drive, East Hartford, CT 06108, or email to: elizabeth.basso@ct.gov. The "submit to" info is also indicated at the bottom of each form. Once a new user account is created, a follow-up email is sent directly to each user, confirming the usernames and default passwords.

UTILIZING THE SITES:

- Your username on the site is your email address at the State (using the ct.gov suffix). Example: joseph.smith@ct.gov
- Be sure you have first logged on and updated account info/settings, such as password.
- Only approved peripherals items – "market basket" of items – are accessible on the site. If a peripherals item is not included in the market basket, agency users have the option of ordering it off the "public site" of the awarded vendor, or of getting a quote by phone for those items. The listing of categories—current "market basket"—can be found in the contract award (#08ITZ0096).
- Since you are buying directly on the vendor's website, agencies must have a process in place to reference purchase orders. The system is designed to use blanket PO's for each agency. Otherwise, you will need to generate a quote sheet; or start a purchase and "freeze" the cart, print info, submit PO, then return to cart, enter PO number, and finish purchase.
- DOIT does not receive packing slips, or audit purchases, but can run reports directly off websites. The auditing procedures of each agency should be followed.
- Public price and contracted State price should be displayed on each website, and BOTH prices appear on any documentation regarding any order.
- Standard, ground shipping is free as part of our discount, when ordering on both sites. Other shipping options may incur charges.

FEEDBACK:

Your input is welcome and appreciated. If you have questions on the user registration process, please contact Elizabeth Basso @ (860) 622-2037, email: elizabeth.basso@ct.gov

Peripherals Ordering System – Frequently Asked Questions

How do I get access to the peripherals websites?

You must be assigned as an authorized user by your agency, in at least one of three available roles: View Only, Requester, Manager/Approver. User information is submitted only through a central peripherals contact person representing each agency. This is usually someone in the business, fiscal administration, or purchasing office for your agency. Or, you may call the peripherals database administrator, Elizabeth Basso (860) 622-2037, email: elizabeth.basso@ct.gov to find out who is identified as your central contact.

On the role assignments, how do we indicate that we want every purchase for a buyer to be approved?

In this case, for the escalation limit, please enter "\$1.00" (one dollar), and every order will be escalated for approval to the manager/approver you assign.

What info are the buyers submitting to DOIT for audit purposes? Do buyers forward the packing slips to DOIT?

This process involves the agencies buying directly through the CORE-CT system or off the awarded vendor website; therefore, buyers should follow the agency's audit procedures. DOIT is not directly involved in the purchasing of peripherals. Reporting features are available through both CORE and the vendor website.

Who has access to the account settings on the vendor websites?

User accounts are created and revised through the process outlined in the overview. User information is submitted through the central contact representing each agency, to the peripherals ordering system administrator at DOIT. Although only the admin can activate user accounts and have full access all the user account settings, some sections of a user account can subsequently be changed by an authorized, registered State user. A registration confirmation email, covering pertinent account details, will be sent to each new user when his/her account is initially set up.

Once a user account is established, the user may then change certain properties of their account. Each NEW user is also expected to change the password from the default set by the admin, to a unique, new password.

My new username and password doesn't seem to work

Please check on the following first:

- Are you entering the correct website? The contracted vendor may have more than one site, for use with the public and other contracts – you may be in one of these by mistake. The special, customized website is:
- TeamCT@eplus.com
- Are you an authorized user for your agency? If you are, you would have received an email with subject "Peripherals User Registration Confirmation" with your specific username and password for the STATE websites.
- Are you using the correct State-issued username and password? If in the past you created your own user accounts on a "public" site for any of the contracted vendors, these names/passwords won't work on the custom-designed sites for the State of CT. Username is your email at the state, **using the "new" email suffix of "ct.gov"**. Example: The user name for Gary Smith would be: gary.smith@ct.gov
Password is the unique password you should have already assigned; if you did not complete this

step, then it is the default password sent to you in a confirmation email sent by the admin when your user account was created.

- If you've checked on the items above and are still having problems, please contact the peripherals ordering system administrator at DOIT: Elizabeth Basso (860) 622-2037, email: elizabeth.basso@ct.gov

What items can I purchase on the peripherals ordering websites?"

Instead of specifying particular items or brands, the contract award covers peripherals categories. If an item is covered under that category, it is—or can be made available—via the contracted vendors.

What happens if a peripherals item is not included in the "market basket?"

The market basket items were compiled based on commonly-ordered computer peripheral items. If an item is not currently included in the categories or "market basket," it will not be added for availability. Peripheral items that are felt to be missing from the list can still be dealt with on a case-by-case basis. The contract award cannot be used or referenced for non-listed items. Using their GL-71 authority, agencies can still purchase excluded items from the vendor by receiving separate quotes, and using the "public" sites of these vendors, or by phone.

How does this process tie into CoreCT?

The awarded vendors are included as approved vendors in CoreCT. All allowable items have been included in the CORE catalog for ordering.

It is anticipated that this Invitation to Bid will result in a multi-vendor award. The percentage discount must be maintained for the life of the contract. The State reserves the right to add or delete items or categories of items during the life of the contract. Price adjustments, upward or downward, will be based on the list prices shown on the awarded contractor’s public web sites. must submit Bids in a sealed package to DOIT at such address as the Invitation to Bid specifies. The outside of sealed Bid package must clearly indicate the Invitation to Bid number as well as the date and time of the opening of the Bids. The name and address of the Bidder should appear in the upper left-hand corner of the Bid package. Bids may be submitted for all or any part of total quantities or for any or all agency requirements listed in the Invitation to Bid, unless otherwise specifically indicated.

3. Bid Preparation, Content, Execution and Copies. Bids must include all information required in the Invitation to Bid in order for the Bid to be accepted and not rejected. Failure to provide such information will result in the rejection of the Bid. Bidders must verify the contents of their Bids before submission, as DOIT will not consider amendments to any Bids after the time specified for the opening of Bids. Bidders must submit one original and one copy of the Bid to DOIT. Bids shall be handwritten in ink, typewritten, or computer prepared. DOIT will reject all Bids prepared in pencil. A person duly authorized to sign Bids on behalf of the Bidder shall sign all Bids. **DOIT shall reject all unsigned Bids. All signatures shall be original signatures**, unless there is specific authorization from DOIT for the use of non-manual forms of signature. The person signing the Bid or his authorized designee shall initial and date all erasures, alterations or corrections on both the original and copy of any documentation submitted to DOIT. Failure to do so may result in rejection of the Bid for those items erased, altered or corrected and not initialed

4. Addenda to Invitation to Bid. If DOIT issues any addendum to the Invitation to Bid, the Bidder should sign it and return it with the Bid or before the Bid opening. In the event that it is not, vendors will still be held to the obligation of whatever change/modification is set forth in the Addendum

5. Conditional Bids. Conditional Bids may be rejected in whole or in part.

6. Alternate and Multiple Bids. Alternate Bids or Multiple Bids may be rejected in whole or in part.

7. No Substitute Specification. Unless limited by the term "no substitute," the use of the name of a manufacturer or of any particular make, model, or brand in describing a System, does not restrict Bidders to that manufacturer or specific System or System Properties. Such use simply and only indicates the character or quality of the System in which the State is interested. The System offered must be of similar character and quality and include any applicable options, accessories, etc. and serve the purpose for which it is to be used equally as well as the one specified. By submitting the Bid, the Bidder so warrants the System. Bids on comparable Systems must clearly state the exact System offered including any and all applicable options, accessories, etc., and the Bidder shall furnish such other information concerning the System as will be helpful in evaluating its acceptability for the purposes intended. If the Bidder does not indicate that the System offered is other than as specified, it will be understood that the Bidder is offering the System exactly as specified.

8. Pricing. Prices must be in decimals, not fractions, net, and shall include transportation and delivery charges fully prepaid by the Contractor, FOB, to the destination specified in the Invitation to Bid. In the event of a discrepancy between the unit price and the extension price, the unit price shall govern. Any discrepancy between the original and the copy of the Bid may result in rejection of the Bids for the System items so affected, except in the event of Bids awarded on a total basis, in which case DOIT shall consider the lower total price in making the award.

9. Tax Exemption. In accordance with section 12-412 of the Connecticut General Statutes, the State is exempt from the payment of excise, transportation and sales taxes imposed by the Federal Government and/or the State. Such taxes must not be included in Bid prices.

10. Bid Opening. DOIT will open and read all Bids publicly, unless otherwise provided by law. Bidders may be present or be represented at all openings. After DOIT makes the award, Bids are subject to public inspection by appointment during DOIT's normal business hours. DOIT will not prepare, discuss or communicate summaries of Bids in any way.

11. Right to Cancel or Amend. DOIT may amend an Invitation to Bid at any time prior to the date and time of Bid opening. DOIT may cancel an Invitation to Bid at any time prior to the date and time of Contract award. Such cancellation shall not be deemed to be a breach of contract by DOIT.

12. Samples. If the Invitation to Bid requires that Bidders submit samples of Systems, the samples must meet at a minimum all Specifications. Bidders must submit samples when required and strictly in accordance with instructions, or DOIT may reject the Bid. If DOIT accepts a sample that does not meet the Specifications, this does not indicate or mean that DOIT has lowered or modified the Specifications. However, if any Bid sample is superior in quality to the Specifications, all deliveries shall have the same identity and quality as the Bid sample. If DOIT requests samples subsequent to the opening of Bids, the Bidder shall deliver them as specified in the Bid, free of any charges or fees and be accompanied by a descriptive memorandum indicating the Bidder desires for their return. The State shall return any samples in accordance with such memorandum, provided that they have not been used or made useless by testing. The State may hold samples for comparison with deliveries.

13. Rejected Items: Abandonment. If DOIT notifies Bidders that they must retrieve samples, or any other Systems, goods or equipment (collectively, the "Rejected Items") belonging to the Bidder, wherever located, the Bidder must do so within forty-eight (48) hours after notification unless public health and safety require immediate destruction or other disposal of the Rejected Items. The Bidder agrees and acknowledges that its failure to retrieve and remove from any State premises the Rejected Items within such time shall be deemed to be an abandonment of the Rejected Items and, without more required of any party, shall vest authority in DOIT or any Agency to use or dispose of the Rejected Items as if they were the State's own property, as they deem it to be appropriate and in accordance with the law without incurring any liability or obligation to the Bidder or any other party. To the extent that DOIT and/or any Agency incurs any costs or expenses in connection with the Rejected Items, including, but not limited to, disposing of the Rejected Items, the Bidder shall reimburse the appropriate State entity no later than thirty (30) days after the date of invoice for such costs and expenses. All samples will be set up at DOIT unless DOIT indicates another location.

14. Award Criteria. DOIT shall award Contracts to the Lowest Responsible Qualified Bidder, in accordance with the factors set forth in 4a-59 of the Connecticut General Statutes, in the corresponding regulations and in the Invitation to Bid. Past performance, financial responsibility, the quality of the Systems to be supplied, their conformity with Specifications, their suitability to the requirements of the State, the delivery terms and administrative costs to the State shall always be factors in making contract awards.

15. Right to Manage Award. DOIT may award by System item, or part thereof, groups of Systems, or all Systems in the Invitation to Bid;

reject any and all Bids in whole or in part; waive or correct minor irregularities and omissions if, in DOIT's judgment, the best interest of the State will be served; or correct inaccurate awards, as it deems to be appropriate, resulting from clerical or administrative errors. If in the case of an irregularity, omission or mistake, the intended correct Bid is clearly evident on the face of the Bid, the Bidder shall be given an opportunity to correct the Bid to reflect the correct intent. Examples of mistakes that are clearly evident on the face of the Bid include but are not limited to, typographical errors, errors in extending unit prices, transposition errors, and arithmetical errors.

Bidder acceptance shall occur the earlier of the date of Bidder's written acceptance to DOIT in response to the Contract award notice or, absent such written acceptance, ten (10) days from the date of the Contract award notice. If any Bidder refuses or fails to accept DOIT's Contract award within ten (10) days from the date of the Contract award notice, DOIT may award the Contract to the next Lowest Responsible Qualified Bidder, and so on until the Contract is awarded and accepted. Refusal to accept a Contract after the ten (10) day period shall be deemed to be a breach of Contract and the Contractor shall be subject to the section in these terms and conditions concerning Open Market Purchases.

17. Bidder Obligations Concerning the Bid. A Bidder, if requested, must present evidence of experience, ability, service facilities, factory authorization and financial standing necessary to meet satisfactorily the requirements set forth or implied in the Invitation to Bid.

18. Discounts. Bidders may offer a discount for prompt payment, but such discount will not be taken into consideration in determining lowest price, except in the case of a price tie.

20. Order and Delivery. The Contract shall bind the Bidder to furnish and deliver the Systems and/or services at the prices set forth in the Bid and in accordance with the Invitation to Bid, including these Terms and Conditions. Subject to the sections in these terms and conditions concerning Force Majeure, Termination, Cancellation and Expiration and Open Market Purchases, the Contract shall bind the State to order the Systems and any associated services from the Contractor, and to pay for the accepted Systems and any associated services at the Contract prices. The State may order and the Contractor shall deliver accordingly up to ten (10) percent more or less than the quantity listed in the Invitation to Bid. Subject to Contractor acceptance, Agencies not originally or specifically mentioned in the Invitation to Bid may purchase Systems and associated services from the Contractor. Agencies mentioned in the Invitation to Bid may transfer Systems and any associated services that they would have ordered to one or more other Agencies and the Contractor shall perform accordingly, subject to an adjustment in transportation costs, if applicable, resulting from any possible change in delivery sites. Provided further that such transportation costs are based on separately determined delivery costs to individual Agencies.

21. Contract Amendments. No alterations or variations of the Contract shall be valid or binding upon the State unless made in writing and signed by both parties.

22. Term. Contracts will remain in force for the full period specified in the Invitation to Bid or until;

- Terminated or Cancelled in accordance with these Terms and Conditions; or
- Extended in accordance with section 4a-59a of the Connecticut General Statutes, upon written authorization of the CIO and acceptance by the contractor, to permit ordering of unordered balances or additional quantities at the contract price and in accordance with the contract terms.
- Expired.

23. Assignment. The Contractor shall not assign any of its rights or obligations under the Contract, voluntarily or otherwise, in any manner without the prior written consent of DOIT. DOIT may void any purported assignment in violation of this section and to declare the Contractor in breach of Contract. If the Contractor assigns its rights or obligations under the Contract without the consent of DOIT, DOIT may Cancel the Contract in accordance with the Termination, Cancellation and Expiration section of these Terms and Conditions, effective as of the assignment's occurrence or such other time as DOIT specifies in the Cancellation notice. Any Cancellation is without prejudice to DOIT's rights or possible Claims.

24. Termination, Cancellation and Expiration.

- Notwithstanding any provisions in the Invitation to Bid, including these Terms and Conditions, DOIT's Chief Information Officer ("CIO"), or the CIO's designee, may Terminate or Cancel the Contract whenever the CIO makes a written determination that such Termination or Cancellation is in the best interests of the State. DOIT shall notify the Contractor in writing of Termination or Cancellation pursuant to this section, which notice shall specify the effective date of Termination or Cancellation and the extent to which the Contractor must complete performance under the Contract prior to such date.
- The CIO shall send the notice of Termination or Cancellation via registered mail, return receipt requested, to the Contractor at the most current address which the Contractor has furnished to the State for purposes of correspondence, or by hand delivery. Upon receiving such notice from the State, the Contractor shall immediately discontinue all services and take all actions affected in accordance with the notice, undertake all commercially reasonable efforts to mitigate any losses or damages, and deliver to the State all Records. The Records are deemed to be the property of the State and the Contractor shall deliver them to DOIT no later than thirty (30) days after the Termination, Cancellation or Expiration of the Contract or fifteen (15) days after the Contractor receives a written request from the State for the Records. The Contractor shall deliver those Records that exist in electronic, magnetic or other intangible form in a non-proprietary format, such as, but not limited to, ASCEE or .TXT.
- Upon receipt of a written notice of Termination or Cancellation from the State, the Contractor shall cease operations as directed by the State in the notice, and take all actions that are necessary or appropriate, or that the State may reasonably direct, for the protection and preservation of the Systems, Systems Properties and any other property. orders and shall not enter into any further subcontracts, purchase orders or commitments.

- (d) In the case of any Termination or Cancellation, the State shall, within forty-five (45) days of the effective date of Termination or Cancellation, reimburse the Contractor for its performance rendered and accepted by the State in accordance with the compensation provisions of the Contract, in addition to all actual and reasonable costs incurred after Termination or Cancellation in completing those portions of the performance which the Contractor was required to complete by the notice. However, the Contractor is not entitled to receive and the State is not obligated to tender to the Contractor any payments for anticipated or lost profits. Upon request by the State, the Contractor shall assign to the State, or any replacement contractor which the State designates, all subcontracts, purchase orders and other commitments, deliver to the State all Records and other information pertaining to its performance, and remove from State premises, whether leased or owned, all such equipment, waste material and rubbish related to its performance as the State may request.
- (e) For breach or violation of any of the provisions in the section of these Terms and Conditions concerning Representations and
- (f) Warranties, the State may Cancel the Contract in accordance with its terms and revoke any consents to assignments given as if the assignments had never been requested or consented to, without liability to the Contractor or Contractor Parties or any third party.
- (g) Upon Termination, Cancellation or Expiration of the Contract, all rights and obligations shall be null and void, so that no party shall have any further rights or obligations to any other party, except with respect to the sections which survive Termination, Cancellation or Expiration of the Contract. All representations, warranties, agreements and rights of the parties under the Contract shall survive such Termination, Cancellation or Expiration to the extent not otherwise limited in the Contract and without each one of them having to be specifically mentioned in the Contract.
- (h) Termination or Cancellation of the Contract pursuant to this section shall not be deemed to be a breach of contract by the State.

25. Breach. If either party breaches the Contract in any respect, the non-breaching party shall provide written notice of such breach to the breaching party and afford the breaching party an opportunity to cure the breach within ten (10) days from the date that the breaching party receives such notice, or such other time as provided in the notice, the Invitation to Bid or these Terms and Conditions, whichever is latest. Such right to cure period shall be extended if the non-breaching party is satisfied that the breaching party is making a good faith effort to cure but the nature of the breach is such that it cannot be cured within the right to cure period. The notice may include an effective Contract cancellation date if the breach is not cured by the stated date and, unless otherwise modified by the non-breaching party in writing prior to the cancellation date, no further action shall be required of any party to effect the cancellation as of the stated date. If the notice does not set forth an effective Contract cancellation date, then the non-breaching party may Cancel the Contract by giving the breaching party no less than twenty four (24) hours' prior written notice. If the State believes that the Contractor has not performed according to the Contract, the State may withhold payment in whole or in part pending resolution of the performance issue, provided that DOIT notifies the Contractor in writing prior to the date that the payment would have been due in accordance with the Payment section of these Terms and Conditions. For notice purposes, a lesser payment period shall not apply. If a cash

discount for prompt payment is invoiced, the withholding of payments as provided for in this section shall not deprive the State of the right to take such cash discount.

26. Waiver.

- (a) No waiver of any breach of the Contract shall be interpreted or deemed to be a waiver of any other or subsequent breach. All remedies afforded in the Contract shall be taken and construed as cumulative, that is, in addition to every other remedy provided in the Contract or at law or in equity.
- (b) A party's failure to insist on strict performance of any provision of the Contract shall only be deemed to be a waiver of rights and remedies concerning that specific instance of performance and shall not be deemed to be a waiver of any subsequent rights, remedies or breach.

27. Open Market Purchases. Except to the extent that the Contractor is performing within a right to cure period, failure of the Contractor to perform within the time specified in the Contract, or failure to replace rejected or substandard Systems or fulfill unperformed services when so requested and as the Contract provides or allows, constitutes a breach of the Contract and as a remedy for such breach, such failure shall constitute authority for DOIT, if it deems it to be necessary or appropriate in its sole discretion, to Cancel the Contract and/or to purchase on the open market, Systems and associated services to replace those which have been rejected, not delivered, or not performed. The State shall invoice the Contractor for all such purchases to the extent that they exceed the costs and expenses in Contractor's Bid and the Contractor shall pay the State's invoice immediately after receiving the invoice. If DOIT does not Cancel the Contract, the State will deduct such open market purchases from the Contract quantities. However, if the CIO deems it to be in the best interest of the State, DOIT may accept and use the Systems delivered which are substandard in quality, subject to an adjustment in price to be determined by DOIT.

28. Purchase Orders. The Contract itself is not an authorization for the Contractor to ship any Systems or to begin performing in any way. The Contractor may begin performing only after it has received a duly issued purchase order against the Contract for performance. The Agency using the Contract will issue a purchase order against the Contract directly to the Contractor. All purchase orders must be in writing, bear the Contract number and comply with all other State requirements, particularly the Agency's requirements concerning procurement. A Contractor making delivery without a formal written purchase order does so at his own risk.

29. Nonresponsibility. If (a) a Bidder fails to accept a Contract within ten (10) days, as specified in the Effective Date section of these terms and conditions; (b) a Contractor suffers an unexcused material breach of the Contract and fails to cure that breach in accordance with the procedures set forth in the Breach section of these terms and conditions; or (c) a Contractor fails to reimburse the State for open market purchases as set forth in the Open Market Purchases section of these terms and conditions, then DOIT will take that into consideration in future Invitations to Bid when evaluating the Bidder's responsibility. The consideration of this factor may lead to a "not responsible" finding against the Bidder and make a Bidder ineligible to receive one or more future contract awards.

30. Indemnification.

- a. The Contractor shall indemnify, defend and hold harmless the State and its officers, representatives, agents, servants, employees, successors and assigns from and against any and

Both Parties agree that it is fair and reasonable for the validity and construction of the Contract to be, and it shall be, governed by the laws and court decisions of the State of Connecticut, without giving effect to its principles of conflicts of laws. To the extent that any immunities provided by Federal law or the laws of the State of Connecticut do not bar an action against the State, and to the extent that these courts are courts of competent jurisdiction, for the purpose of venue, the complaint shall be made returnable to the Judicial District of Hartford only or shall be brought in the United States District Court for the District of Connecticut only, and shall not be transferred to any other court, provided, however, that nothing here constitutes a waiver or compromise of the sovereign immunity of the State of Connecticut. The Contractor waives any objection which it may now have or will have to the laying of venue of any Claims in any forum and further irrevocably submits to such jurisdiction in any suit, action or proceeding.

32. Contractor Guaranties. Contractor shall:

The contractual provisions concerning the confidentiality provisions guarantee in this section shall include civil sanctions for the unauthorized disclosure of the Records. The Contractor and Contractor Parties shall be treated as State employees with respect to any civil or criminal statutes providing for civil or criminal sanctions for unauthorized disclosures.

Where the Invitation to Bid or Bid do not specifically list or describe any part or nominal appurtenances of equipment for the Systems, it shall be understood that the Contractor shall deliver such equipment and appurtenances as are usually provided with the manufacturer's stock model.

34. Delivery.

- (a) Any Systems delivered shall be standard new equipment, latest model, except as otherwise stated in the Invitation to Bid. Remanufactured, refurbished or reconditioned equipment may be accepted but only to the extent allowed under the Invitation to Bid. Where any part or nominal appurtenances of equipment are not described, it shall be understood that all equipment and appurtenances, which are usually provided in the manufacturer's stock model, shall be furnished.

Jodi Rell, promulgated April 17, 2006, concerning procurement of cleaning products and services, in accordance with their respective terms and conditions.

47. Non-discrimination. References in this section to "contract" shall mean this Contract and references to "contractor" shall mean the Contractor. (a)The following subsections are set forth here as required by section 4a-60 of the Connecticut General Statutes:

(1) The contractor agrees and warrants that in the performance of the contract such contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation or physical disability, including, but not limited to, blindness, unless it is shown by such contractor that such disability prevents performance of the work involved, in any manner prohibited by the laws of the United States or of the state of Connecticut. The contractor further agrees to take affirmative action to insure that applicants with job-related qualifications are employed and that employees are treated when employed without regard to their race, color, religious creed, age, marital status, national origin, ancestry, sex, mental retardation, or physical disability, including, but not limited to, blindness, unless it is shown by such contractor that such disability prevents performance of the work involved; (2) the contractor agrees, in all solicitations or advertisements for employees placed by or on behalf of the contractor, to state that it is an "affirmative action-equal opportunity employer" in accordance with regulations adopted by the commission; (3) the contractor agrees to provide each labor union or representative of workers with which such contractor has a collective bargaining agreement or other contract or understanding and each vendor with which such contractor has a contract or understanding, a notice to be provided by the commission advising the labor union or workers' representative of the contractor's commitments under this section, and to post copies of the notice in conspicuous places available to employees and applicants for employment; (4) the contractor agrees to comply with each provision of this section and sections 46a-68e and 46a-68f and with each regulation or relevant order issued by said commission pursuant to sections 46a-56, 46a-68e and 46a-68f; (5) the contractor agrees to provide the Commission on Human Rights and Opportunities with such information requested by the commission, and permit access to pertinent books, records and accounts, concerning the employment practices and procedures of the contractor as relate to the provisions of this section and section 46a-56. (b)If the contract is a public works contract, the contractor agrees and warrants that he will make good faith efforts to employ minority business enterprises as subcontractors and suppliers of materials on such public works project. (c)"Minority business enterprise" means any small contractor or supplier of materials fifty-one per cent or more of the capital stock, if any, or assets of which is owned by a person or persons: (1) Who are active in the daily affairs of the enterprise, (2) who have the power to direct the management and policies of the enterprise and (3) who are members of a minority, as such term is defined in subsection (a) of section 32-9n; and "good faith" means that degree of diligence which a reasonable person would exercise in the performance of legal duties and obligations. "Good faith efforts" shall include, but not be limited to, those reasonable initial

efforts necessary to comply with statutory or regulatory requirements and additional or substituted efforts when it is determined that such initial efforts will not be sufficient to comply with such requirements. (d) Determination of the contractor's good faith efforts shall include but shall not be limited to the following factors: The contractor's employment and subcontracting policies, patterns and practices; affirmative advertising, recruitment and training; technical assistance activities and such other reasonable activities or efforts as the commission may prescribe that are designed to ensure the participation of minority business enterprises in public works projects. (e)The contractor shall develop and maintain adequate documentation, in a manner prescribed by the commission, of its good faith efforts. (f)The contractor shall include the provisions of section A above in every subcontract or purchase order entered into in order to fulfill any obligation of a contract with the state and such provisions shall be binding on a subcontractor, vendor or manufacturer unless exempted by regulations or orders of the commission. The contractor shall take such action with respect to any such subcontract or purchase order as the commission may direct as a means of enforcing such provisions including sanctions for noncompliance in accordance with section 46a-56; provided, if such contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the commission, the contractor may request the state of Connecticut to enter into any such litigation or negotiation prior thereto to protect the interests of the state and the state may so enter. (g)The following subsections are set forth here as required by section 4a-60a of the Connecticut General Statutes: (1) The contractor agrees and warrants that in the performance of the contract such contractor will not discriminate or permit discrimination against any person or group of persons on the grounds of sexual orientation, in any manner prohibited by the laws of the United States or of the state of Connecticut, and that employees are treated when employed without regard to their sexual orientation; (2) the contractor agrees to provide each labor union or representative of workers with which such contractor has a collective bargaining agreement or other contract or understanding and each vendor with which such contractor has a contract or understanding, a notice to be provided by the Commission on Human Rights and Opportunities advising the labor union or workers' representative of the contractor's commitments under this section, and to post copies of the notice in conspicuous places available to employees and applicants for employment; (3) the contractor agrees to comply with each provision of this section and with each regulation or relevant order issued by said commission pursuant to section 46a-56; (4) the contractor agrees to provide the Commission on Human Rights and Opportunities with such information requested by the commission, and permit access to pertinent books, records and accounts, concerning the employment practices and procedures of the contractor which relate to the provisions of this section and section 46a-56. (h)The contractor shall include the provisions of section G above in every subcontract or purchase order entered into in order to fulfill any obligation of a contract with the state and such provisions shall be binding on a subcontractor, vendor or manufacturer unless exempted by regulations or orders of the commission. The contractor shall take such action with respect to any such subcontract or purchase order as the commission may direct as a means of enforcing such provisions including sanctions for noncompliance in accordance with section 46a-56; provided, if such contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the commission, the contractor may request the state of Connecticut to enter into any such litigation or negotiation prior thereto to protect the interests of the state and the state may so enter.

STANDARD BID/CONTRACT TERMS AND CONDITIONS

48. Whistleblowing. The Contract is subject to the provisions of §4-61dd of the Connecticut General Statutes. In accordance with this section any person having knowledge of any matter involving corruption, violation of state or federal laws or regulations, gross waste of funds, abuse of authority or danger to the public safety occurring in any large state contract, may transmit all facts and information in his possession concerning such matter to the Auditors of Public Accounts. In accordance with subsection (e) if an officer, employee or appointing authority of a large state contractor takes or threatens to take any personnel action against any employee of the contractor in retaliation for such employee's disclosure of information to the Auditors of Public Accounts or the Attorney General under the provisions of this section, the contractor shall be liable for a civil penalty of not more than five thousand dollars for each offense, up to a maximum of twenty per cent of the value of the contract. Each violation shall be a separate and distinct offense and in the case of a continuing violation each calendar day's continuance of the violation shall be deemed to be a separate and distinct offense. The executive head of the state or quasi-public agency may request the Attorney General to bring a civil action in the Superior Court for the Judicial District of Hartford to seek imposition and recovery of such civil penalty. In accordance with subsection (f) each large state contractor shall post a notice of the provisions of this section relating to large state contractors in a conspicuous place which is readily available for viewing by the employees of the contractor.

49. Headings. The headings given to the Sections in these Terms and Conditions are inserted only for convenience and are in no way to be construed as part of the Contract or as a limitation of the scope of the particular Section to which the heading refers.

50. Number and Gender. Whenever the context so requires, the plural or singular shall include each other and the use of any gender shall include all genders.

51. Parties. To the extent that any Contractor Party or Bidder Party is to participate or perform in any way, directly or indirectly in connection with the Bid or the Contract, any reference in the Invitation to Bid, the Bid and the Contract to "Contractor" or "Bidder" shall also be deemed to include "Contractor Parties" or "Bidder Parties," respectively, as if such reference had originally specifically included "Contractor Parties" or "Bidder Parties," since it is the parties' intent for the terms "Contractor Parties" and "Bidder Parties" to be vested with the same rights and obligations as the terms "Contractor" and "Bidder."

52. Contractor Changes. The Contractor shall notify DOIT in writing of any change in its certificate of incorporation, a change in more than a controlling interest in the ownership of the Contractor or a change in the individual(s) in charge of the performance to be completed under the Contract. This change shall not relieve the Contractor of any responsibility for the accuracy and completeness of the performance. DOIT, after receiving written notice by the Contractor of any such change, may require such agreements, releases and other instruments evidencing, to DOIT's satisfaction, that any individuals retiring or otherwise separating from the Contractor have been compensated in full or that provision has been made for compensation in full, for all work performed under terms of the Contract. The Contractor shall deliver such documents to DOIT in accordance with the terms of DOIT's written request. DOIT may also require, and the Contractor shall deliver, a financial statement showing that solvency of the Contractor is maintained. The death of any Contractor Party, as applicable, shall not release the Contractor from the obligation to perform under the Contract; the surviving Contractor Parties, as appropriate, must continue to perform under the Contract until it is fully performed.

53. Further Assurances. The parties shall provide such information, execute and deliver any instruments and documents and take such

other actions as may be necessary or reasonably requested by the other party which are not inconsistent with the provision of the Contract and which do not involve the assumption of obligations other than those provided for in the Contract, in order to give full effect to the Contract and to carry out the intent of the Contract.

54. Audit and Inspection of Records. The Contractor shall make all of its and the Contractor Parties' Records available at all reasonable hours for audit and inspection by DOIT and any Agency, including, but not limited to, the Connecticut Auditors of Public Accounts, Attorney General and State's Attorney and their respective agents. Requests for any audit or inspection shall be in writing, at least ten (10) days prior to the requested date. All audits and inspections shall be at the State's expense. The State may request an audit or inspection at any time during the Contract term and for three (3) years from Termination, Cancellation or Expiration of the Contract. The Contractor shall cooperate fully with the State and its agents in connection with an audit or inspection. Following any audit or inspection, the State may conduct and the Contractor shall cooperate with an exit conference.

55. Background Checks. The Contractor and Contractor Parties shall be subject to criminal background checks as provided for in the State of Connecticut Department of Public Safety Administration and Operations Manual.

56. Continued Performance. The Contractor and Contractor Parties shall continue to perform their obligations under the Contract while any dispute concerning the Contract is being resolved.

57. Working and Labor Synergies. The Contractor shall be responsible for maintaining a tranquil working relationship between the Contractor work force, the Contractor Parties and their work force, State employees, and any other contractors present at the work site. The contractor shall quickly resolve all labor disputes which result from the Contractor's or Contractor Parties' presence at the work site, or other action under their control. Labor disputes shall not be deemed to be sufficient cause to allow the Contractor to make any claim for additional compensation for cost, expenses or any other loss or damage, nor shall those disputes be deemed to be sufficient reason to relieve the Contractor from any of its obligations under the Contract.

58. Contractor Responsibility. The Contractor shall be required to assume responsibility for the entire performance under the Contract regardless of whether the Contractor itself performs. The Contractor shall be the sole point of contact concerning the management of the Contract, including performance and payment issues. The Contractor is solely and completely responsible for adherence by the Contractor Parties to all applicable provisions of the Contract.

The Contractor shall exercise all reasonable care to avoid damage to the State's property or to property being made ready for the State's use, and to all property adjacent to any work site. The Contractor shall promptly report any damage, regardless of cause, to the State.

59. Severability. If any term or provision of the Contract or its application to any person, entity or circumstance shall, to any extent, be held to be invalid or unenforceable, the remainder of the Contract or the application of such term or provision shall not be affected as to persons, entities or circumstances other than those as to whom or to which it is held to be invalid or unenforceable. Each remaining term and provision of the Contract shall be valid and enforced to the fullest extent possible by law.

60. Most Favored Nation. The terms of all Systems and services in the Contract are equivalent to or better than those for comparable

Contractor offerings to any other state or local government under like terms and conditions. If during the term of the Contract the Contractor provides more favorable terms for said offerings to another such state or local government, the Contract shall be deemed to be amended, automatically and without any act required of any party, to provide the same terms to the State.

61. Confidential Information. DOIT will afford due regard to the Bidder's and Contractor's request for the protection of proprietary or confidential information which DOIT receives. However, all materials associated with the Bid and the Contract are subject to the terms of the Connecticut Freedom of Information Act ("FOIA") and all corresponding rules, regulations and interpretations. In making such a request, the Bidder or Contractor may not merely state generally that the materials are proprietary or confidential in nature and not, therefore, subject to release to third parties. Those particular sentences, paragraphs, pages or sections that the vendor believes are exempt from disclosure under the FOIA must be specifically identified as such. Convincing explanation and rationale sufficient to justify each exemption consistent with the FOIA must accompany the request. The rationale and explanation must be stated in terms of the prospective harm to the competitive position of the Bidder or Contractor that would result if the identified material were to be released and the reasons why the materials are legally exempt from release pursuant to the FOIA. To the extent that any other provision or part of the Contract, especially including the Bid and the Specifications, conflicts or is in any way inconsistent with this Section, this Section controls and shall apply.

61. Interpretation. The Contract contains numerous references to statutes and regulations. For purposes of interpretation, conflict resolution and otherwise, the content of those statutes and regulations shall govern over the content of the reference in the Contract to those statutes and regulations.

62. Cross-Default. If the Contractor or Contractor Parties breach, default or in any way fail to perform satisfactorily under the Contract, then the State may, in its sole discretion, without more and without any action whatsoever required of the State, treat any such event as a breach, default or failure to perform under any or all other agreements or arrangements ("Other Agreements") that the Contractor or Contractor Parties have with the State. Accordingly, the State may then exercise at its sole option any and all of its rights or remedies provided for in the Contract or Other Agreements, either selectively or collectively and without such election being deemed to prejudice any rights or remedies of the State, as if the Contractor or Contractor Parties had suffered a breach, default or failure to perform under the Other Agreements.

If the Contractor or Contractor Parties breach, default or in any way fail to perform satisfactorily under any or all other agreements or arrangements ("Other Agreements") that the Contractor or Contractor Parties have with the State, then the State may, in its sole discretion, without more and without any action whatsoever required of the State, treat any such event as a breach, default or failure to perform under the Contract. Accordingly, the State may then exercise at its sole option any and all of its rights or remedies provided for in the Other Agreements or the Contract, either selectively or collectively and without such election being deemed to prejudice any rights or remedies of the State, as if the Contractor or Contractor Parties had suffered a breach, default or failure to perform under the Contract.

63. Disclosure of Records. The Contract may be subject to the provisions of §1-218 of the Connecticut General Statutes. In accordance with this section, each contract in excess of two million five hundred thousand dollars between a public agency and a person for the performance of a governmental function shall (1) provide that the public agency is entitled to receive a copy of records and files related

to the performance of the governmental function, and (2) indicate that such records and files are subject to the Freedom of Information Act and may be disclosed by the public agency pursuant to the Freedom of Information Act. No request to inspect or copy such records or files shall be valid unless the request is made to the public agency in accordance with the Freedom of Information Act. Any complaint by a person who is denied the right to inspect or copy such records or files shall be brought to the Freedom of Information Commission in accordance with the provisions of sections 1-205 and 1-206 of the Connecticut General Statutes.

64. Notice of Consulting Affidavit. Section 4a-81 of Connecticut Statutes requires that this solicitation include a notice of the consulting affidavit requirements described in the Statute. Accordingly, pursuant to the Statute, vendors are notified as follows:

No state agency shall execute a contract for the purchase of goods or services, which contract has a total value to the state of fifty thousand dollars or more in any calendar or fiscal year, unless the state agency obtains the written affidavit described in subsection (b) of this section.

(1) The chief official of the vendor awarded a contract described in subsection (a) of this section or the individual awarded such contract who is authorized to execute such contract, shall attest in an affidavit as to whether any consulting agreement has been entered into in connection with such contract. Such affidavit shall be required if any duties of the consultant included communications concerning business of such state agency, whether or not direct contact with a state agency, state or public official or state employee was expected or made. "Consulting agreement" means any written or oral agreement to retain the services, for a fee, of a consultant for the purposes of (A) providing counsel to a contractor, vendor, consultant or other entity seeking to conduct, or conducting, business with the State, (B) contacting, whether in writing or orally, any executive, judicial, or administrative office of the state, including any department, institution, bureau, board, commission, authority, official or employee for the purpose of solicitation, dispute resolution, introduction or requests for information or (C) any other similar activity related to such contract. "Consulting agreement" does not include any agreements entered into with a consultant who is registered under the provisions of Chapter 10 of the Connecticut General Statutes concerning the State's Codes of Ethics, as of the date such affidavit is submitted. (2) Such affidavit shall be sworn as true to the best knowledge and belief of the person signing the certification on the affidavit and shall be subject to the penalties of false statement. (3) Such affidavit shall include the name of the consultant, the consultant's firm, the basic terms of the consulting agreement, a brief description of the services provided, and an indication as to whether the consultant is a former state employee or public official. If the consultant is a former state employee or public official, such affidavit shall indicate his or her former agency and the date such employment terminated. (4) Such affidavit shall be amended whenever the vendor awarded the contract enters into any new consulting agreement during the term of the contract.

If a vendor refuses to submit the affidavit required under subsection (b) of this section, then the state agency shall not award the Contract to such vendor and shall award the contract to the next highest ranked vendor or the next lowest responsible qualified bidder or seek new bids or proposals.

This section is set forth here only for purposes of providing notice of the requirements of the Act. Accordingly, it is neither intended nor should it be interpreted nor relied upon to be a complete and full reiteration of the Act's contents. Any interpretation or understanding

of the Act's requirements or content by any party must come only from reading the full text of the Act itself.

65. Summary of State Ethics Laws. Pursuant to the requirements of Section 1-101qq of Connecticut General Statutes, the summary of State ethics laws developed by the State Ethics Commission pursuant to section 1-81b of the Connecticut General Statutes is incorporated by reference into and made a part of the Contract as if the summary had been fully set forth in the Contract.

66. Sovereign Immunity. The parties acknowledge and agree that nothing in the Invitation to Bid or the Contract shall be construed as a modification, compromise or waiver by the State of any rights or defenses of any immunities provided by Federal law or the laws of the State of Connecticut to the State or any of its officers and employees, which they may have had, now have or will have with respect to all matters arising out of the Contract. To the extent that this section conflicts with any other section, this section shall govern.

67. Time is of the Essence. Time is of the essence with respect to all provisions of this Agreement that specify a time for performance; provided, however, that this provision shall not be construed to limit or deprive a party of the benefits of any grace or use period allowed in this Agreement.

68. Continuity of Systems. (a) The Contractor acknowledges that the state agency information system and telecommunication system facilities and equipment (the "Systems") and associated services are important to the function of State government and that they must continue without interruption. If the work under the Contract, any subcontract, or amendment to either, is transferred back to the State or to another contractor at any time for any reason, then the Contractor shall cooperate fully with the State, and do and perform all acts and things that DOIT deems to be necessary or appropriate, to ensure continuity of the Systems and services so that there is no disruption or interruption in performance as required or permitted in the Contract. The Contractor shall not enter into any subcontract for any part of the performance under the Contract without prior written approval of such subcontract by DOIT, as required by Conn. Gen. Stat. §4d-32. The Contractor shall include in such subcontract a provision containing all of the substantive terms and conditions of this section, such that the subcontractor will be obligated to DOIT in the same way as the Contractor is obligated to DOIT under this section. The Contractor shall make a full and complete disclosure of and delivery to DOIT or its representatives of all Records and "Public Records," as that term is defined in Conn. Gen. Stat. §4d-33, as it may be amended, in whatever form they exist or are stored and maintained and wherever located, directly or indirectly, concerning the Contract.

(b) The parties shall follow the following procedures in order to ensure the orderly transfer to the State of:

(1) such facilities and equipment-- Unless a shorter period is necessary or appropriate to ensure compliance with subsection (a) above, in which case that shorter period shall apply, the Contractor shall deliver to the State, F.O.B. East Hartford, Connecticut or other State location which DOIT identifies, all Systems related to or arising out of the Contract, subcontract or amendment, no later than 10 days from the date that the work under the Contract is transferred back to the State or to another contractor for any reason. The Contractor shall deliver the Systems to the State, during the State's business hours, in good working order and in appropriately protective packaging to ensure delivery without damage. Concurrent with this delivery, the Contractor shall also deliver all Systems-related operation manuals and other documentation in whatever form they exist and a list of all Systems passwords and security codes;

(2) all software, including all applicable licenses, purchased, created or modified pursuant to the Contract, subcontract or amendment--

Unless a shorter period is necessary or appropriate to ensure compliance with subsection (a) above, in which case that shorter period shall apply, the Contractor shall deliver to the State, F.O.B. East Hartford, Connecticut or other State location which DOIT identifies, all software, including all applicable licenses, purchased, created or modified pursuant to the Contract, subcontract or amendment no later than 10 days from the date that the work under the Contract is transferred back to the State or to another contractor for any reason. The Contractor shall deliver to the State, during the State's business hours, the software, including its source code, if applicable, in good working order, readily capable of being maintained and modified, and housed in appropriately protective packaging or hardware to ensure delivery without damage. Concurrent with this delivery, the Contractor shall also deliver all related operation manuals and other documentation in whatever form they exist and a list of all applicable passwords and security codes; and

(3) all Public Records, as defined in Conn. Gen. Stat. §4d-33, which the Contractor or Contractor Parties possess or create pursuant to the Contract, subcontract or amendment-- Unless a shorter period is necessary or appropriate to ensure compliance with subsection (a) above, in which case that shorter period shall apply, the Contractor shall deliver to the State, F.O.B. East Hartford, Connecticut or other State location which DOIT identifies, all Records and Public Records created or modified pursuant to the Contract, subcontract or amendment no later than the latter of (1) the time specified in the section in this Contract concerning Termination for the return of Records and (2) 10 days from the date that the work under the Contract is transferred back to the State or to another contractor for any reason. The Contractor shall deliver to the State those Records and Public Records that exist in electronic, magnetic or other intangible form in a non-proprietary format, such as, but not limited to, ASCII or .TXT. The Contractor shall deliver to the State, during the State's business hours, those Records and Public Records and a list of all applicable passwords and security codes, all in appropriately protective packaging to ensure delivery without damage.

(c) If the Contractor employs former State employees, the Contractor shall facilitate the exercising of any reemployment rights that such State employees may have with the State, including, but not limited to, affording them all reasonable opportunities during the workday to interview for State jobs. The Contractor shall include language similar to this section in all of its contracts with its subcontractors and applicable Contractor Parties so that they are similarly obligated.

69. Campaign Contribution and Solicitation Ban. With regard to a State contract as defined in P.A. 07-1 having a value in a calendar year of \$50,000 or more or a combination or series of such agreements or contracts having a value of \$100,000 or more, the authorized signatory to this submission in response to the State's solicitation expressly acknowledges receipt of the State Elections Enforcement Commission's notice advising prospective state contractors of state campaign contribution and solicitation prohibitions, and will inform its principals of the contents of the notice. See attached SEEC Form 11.

70. Conn. Gen. Stat. Sec. 4-252(e).

Conn. Gen. Stat. § 4-252 (the "Statute") requires that the Invitation to Bid, of which these Terms and Conditions are a part, include a notice of the vendor certification requirements described in the Statute. Accordingly, pursuant to the Statute, vendors are notified as follows:

substantially" as used in this section shall have the meanings set forth in the Statute.

(b) No state agency or quasi-public agency shall execute a large state contract unless the state agency or quasi-public agency obtains the written certifications described in this section. Each such certification shall be sworn as true to the best knowledge and belief of the person signing the certification, subject to the penalties of false statement.

(c) The official of the person, firm or corporation awarded the contract, who is authorized to execute the contract, shall certify on such forms as the State shall provide:

(1) That no gifts were made between the date that the state agency or quasi-public agency began planning the project, services, procurement, lease or licensing arrangement covered by the contract and the date of execution of the contract, by (A) such person, firm, corporation, (B) any principals and key personnel of the person, firm or corporation, who participated substantially in preparing the bid or proposal or the negotiation of the contract, or (C) any agent of such person, firm, corporation or principals and key personnel, who participated substantially in preparing the bid or proposal or the negotiation of the contract, to (i) any public official or state employee of the state agency or quasi-public agency soliciting bids or proposals for the contract, who participated substantially in the preparation of the bid solicitation or request for proposals for the contract or the negotiation or award of the contract, or (ii) any public official or state employee of any other state agency, who has supervisory or appointing authority over such state agency or quasi-public agency;

(2) That no such principals and key personnel of the person, firm or corporation, or agent of such person, firm or corporation or principals and key personnel, knows of any action by the person, firm or corporation to circumvent such prohibition on gifts by providing for any other principals and key personnel, official, employee or agent of the person, firm or corporation to provide a gift to any such public official or state employee; and

(3) That the person, firm or corporation made the bid or proposal without fraud or collusion with any person.

(d) Any bidder or proposer that does not make the certifications required under subsection (c) of this section shall be disqualified and the state agency or quasi-public agency shall award the contract to the next highest ranked proposer or the next lowest responsible qualified bidder or seek new bids or proposals.

(e) The date that the state agency or quasi-public agency began planning the project, services procurement, lease or licensing arrangement to be covered by the contract is.

71. Nondiscrimination Certification Requirement

Public Act 07-142 and Public Act 07-245 have amended the nondiscrimination provisions of the Connecticut General Statutes to add civil unions to the existing protected classes and to require State contractors to adopt policies in support of the new statutes by means of a resolution. By law, a contractor must provide the State with documentation in the form of a company or corporate policy adopted by resolution of the board of directors, shareholders, managers, members or other governing body of such contractor to support the nondiscrimination agreement and warranty under C.G.S. §§ 4a-60a and 46a-68h.

Accordingly, attached as Exhibits 1 & 2 are form certifications that the successful contractor must deliver executed at the time that it executes the Contract. The first of these forms is designed to be used by corporate or other business entities; the second is to be used only by individuals who are to sign and perform contracts with the State in their individual capacity. One or the other of these certifications is required for all State contracts, regardless of type, term, cost, or value. The

execution and submittal of this certificate is a condition precedent to the State's executing the Contract, unless the contractor is exempt from this statutory requirement, in which case the contractor must obtain a written waiver from the State's Commission on Human Rights and Opportunities.

72. Encryption of Confidential Data

All contracted vendors shall encrypt any and all State stored data that is now, or hereafter, classified as confidential or restricted by the State. This encryption shall, without additional cost to the State, apply to all such data stored on non State owned and/or managed devices. The method used to encrypt data shall be compliant with then current State of Connecticut Architecture and Standards.
