UNIVERSAL CHARGER

UC66-R six way rapid charger

The UC66-R is the flagship model headlining our charger range. This highly popular model incorporates an intelligent microprocessor that supports Ni-Cd, Ni-MH and Lithium battery chemistries.

The UC66-R is capable of charging 6 different radio models, (or just the batteries) simultaneously making it the most versatile, user friendly gang charger on the market today.

All Cape™ chargers utilize our interchangeable pod system. This allows users to charge different radio models simply by exchanging pods. Our extensive line of currently available pods support the majority of new, as well as discontinued, radio models.

See pod compatibility chart for details of available pods.

COVERT KITS

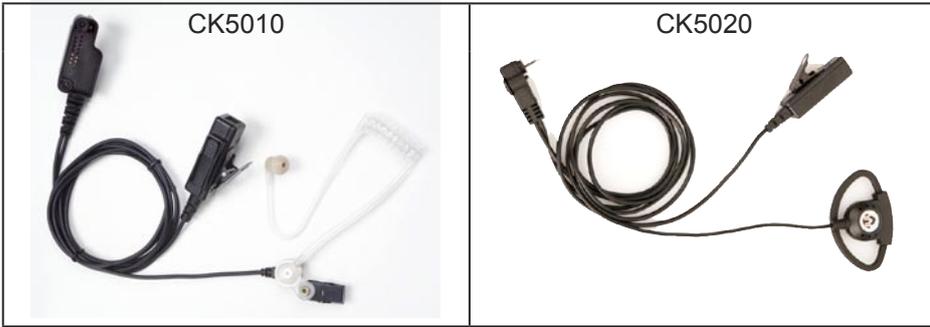

covert kits

Cape™ audio accessories are manufactured using the highest quality components and materials ensuring that they continue to function even in the most demanding environments.

'Seriously strong' features include: Kevlar™ coated cabling, heavily re-enforced solid jacs with soft touch rubber coating, and all kits are 'hard wired' end to end eliminating the need for costly adaptors. Cape™ covert kits are your premium quality accessory choice at a fraction of the price!

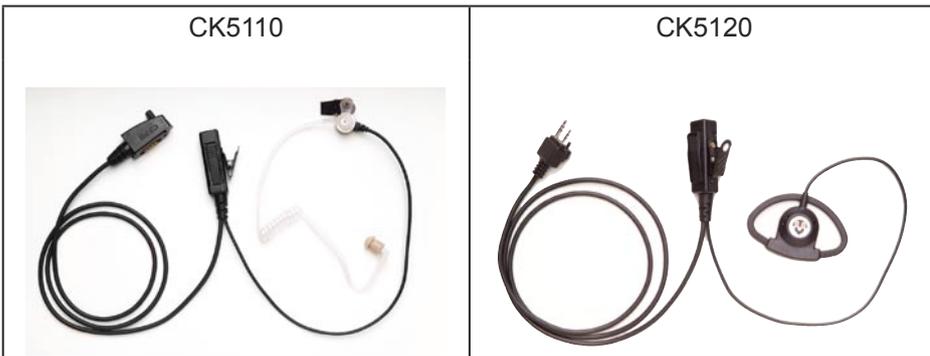

CK 5000 series

The CK5000 series offers two wire covert kits, with external PTT and choice of earpiece.

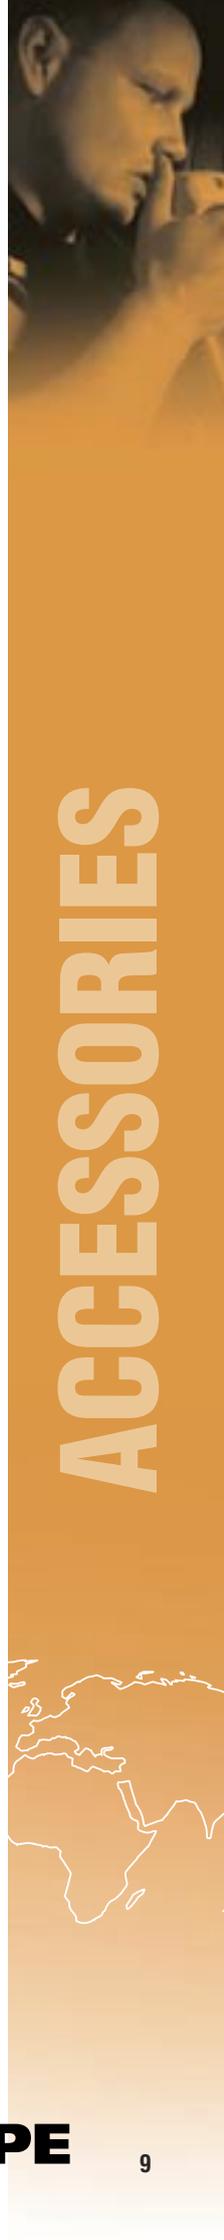

CK 5100 series

The CK5100 series offers users all the features and benefits of the 5000 two wire series combined into a single wire for optimum ease of use.

- kevlar coated cabling
- built to MIL SPEC 810
- high quality cable strain reliefs
- compatible with wide range of radios
- high durability
- complete units
- top class audio
- jacs with silicon moulded cores

The CK5000 & 5100 series have external PTT.

COVERT KITS

covert kits continued..

CK 5200 series

The CK5200 series offers users a durable and flexible receive only solution to your covert requirements. Users can choose between mini coil or straight wire.

- extra strength wiring
- built to MIL SPEC 810
- compatible with wide range of radios
- high quality cable strain reliefs
- complete units
- top class audio
- flexible accessory options

All covert kits are available with choice of earpiece.

for available connectors see connector compatibility chart.

COVERT

KIT ATTACHMENTS

covert kit attachments

CK PA 100 (pack of 5)

Acoustic tube option with flexible rubber ear hook for added stability. Includes clip and one ear bud.

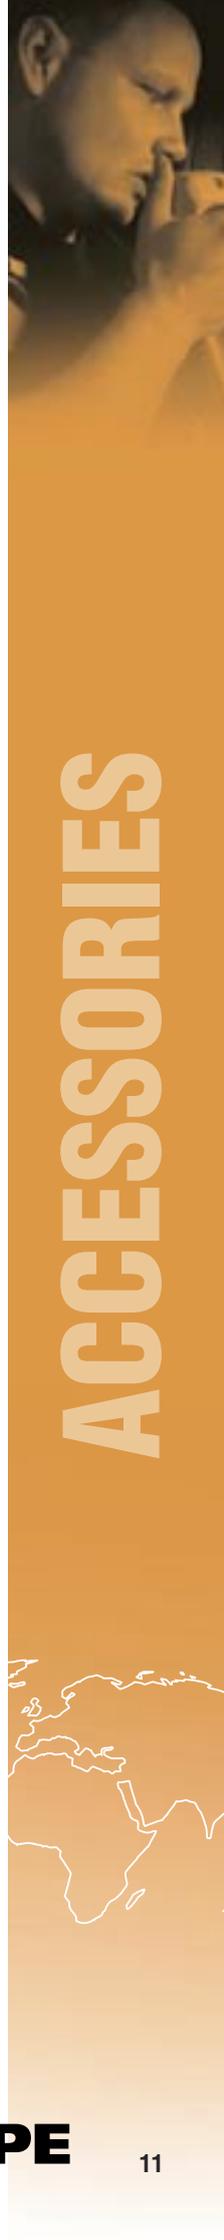

CK PA 200 (pack of 5)

Replacement acoustic tubes with clip and single ear bud.

CK PA 300 (pack of 5)

Replacement rubber ear buds in 5, 10, 50 and 100 packs.

ADAPTORS

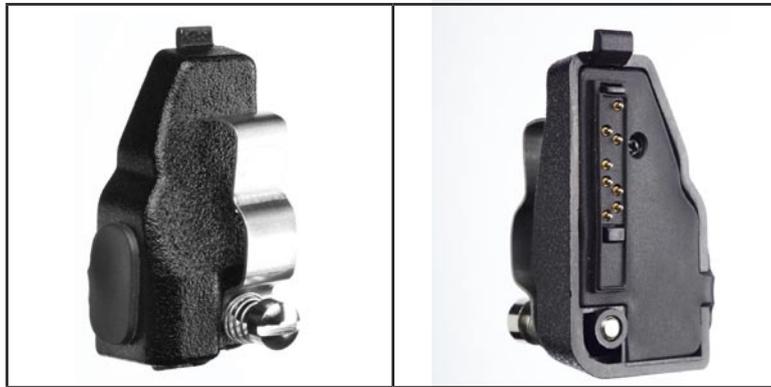

audio adaptors

AUDIO

- highly durable polycarbonate
- full year warranty
- user flexibility
- weatherproof

TK2140 audio adaptor

Adaptor to convert the Kenwood 2-pin accessories for use on these multi-pin radio models: TK380, TK390, TK480, TK490, TK2140, TK3140.

GPA 300 audio adaptor

Adaptor to convert Motorola 2-pin (GP300) accessories for use on these multi-pin radio models: HT750, HT1250, HT1250LS, HT1550, HT1550XLS, MTX850, MTX850LS, MTX8250, MTX8250LS, MTX950, MTX9250, GP140, GP320, GP328, GP338, GP340, GP360, GP380, GP640, GP680, GP1280, PRO5150, PRO7150, PRO9150.

SPEAKER MICS

REMOTE

remote speaker mics

Cape™ remote speaker microphones are built 'seriously strong' with weather proof polycarbonate casings, Kevlar™ coated heavy duty cabling and only the highest quality audio components.

- built to military spec
- rugged design
- extra strength cabling
- earpiece socket
- weatherproof
- 3.5mm accessory jac standard

RSM accessory options

Discreet listen only options for the RSM500 range and for all other 2.5mm and 3.5mm DC RSM sockets. Users can choose between mini coiled or a straight wire option.

RSM A510

RSM A511

RSM A520

RSM A521

- lightweight and flexible
- highly durable

WARRANTY STATEMENT

Cape Communications U.K. Ltd (as manufacturer of CAPE™ branded products distributed in North America by Cape International LLC and Cape Communications International Inc.) warrants that the radio accessory products it manufactures will be free from defects in materials and workmanship. The limited warranty term is one year beginning on the date of Cape invoice issued to the first purchaser (Distributor, Dealer or end user) of CAPE™ branded products.

Damages which occur during shipping are not covered under this limited warranty and insurance for shipped items is the responsibility of the purchasing dealer and/or end user. This limited warranty does not cover damage due to external causes, including accident, abuse, misuse, problems with electrical power, servicing not authorized by Cape, usage not in accordance with product instructions, and any other technical problems not resulting from manufacturer defect.

This warranty is voided if any repair or replacement is made or attempted on any Cape™ product without the prior written consent of Cape.

During the one-year period beginning on the invoice date, Cape will repair or replace products returned to Cape's U.S. distribution facility. If limited warranty service is required, Cape will issue a Return Material Authorization Number (RMA). The customer must ship the products back to Cape in their original or equivalent packaging, prepay shipping charges, and insure the shipment or accept the risk of loss or damage during shipment. Cape will return the repaired or replacement products on the customer courier account number or "collect freight" in the case where such an account number is not available.

This warranty statement is a general overview of our warranty policy and is not listed here in its entirety. A complete warranty and registration card will be included with each Cape branded charger and will outline in detail the warranty policy covering our charger products.

A full copy of the Cape Warranty can also be obtained on our website at www.capeproducts.com

DEMO UNIT PROGRAM

Cape offers dealers within the continental United States and Canada a 30 evaluation period for any products shown in the Cape Product Catalogue (subject to stock availability). Goods will be invoiced at regular price at time of shipment but will include extended payment terms to 60 days. This will allow the customer sufficient time to evaluate the product, demonstrate it to their customer and then either purchase or return the sample products within the 60 day period.

This program is intended to allow the dealer an opportunity to visually inspect Cape products. Any evaluation products deemed by Cape to have been returned in a "used" state will be returned to the customer and the invoice amount will be due.

Conditions

All prices are quoted in USD, freight collect F.O.B Wilmington, NC. Prices are subject to change without notice. We accept Visa and MasterCard.

Without prior account establishment and approval, all invoice amounts are payable prior to shipping of merchandise.

WARRANTY STATEMENT

Cape Communications U.K. Ltd (as manufacturer of CAPE™ branded products distributed in North America by Cape International LLC and Cape Communications International Inc.) warrants that the radio accessory products it manufactures will be free from defects in materials and workmanship. The limited warranty term is one year beginning on the date of Cape invoice issued to the first purchaser (Distributor, Dealer or end user) of CAPE™ branded products.

Damages which occur during shipping are not covered under this limited warranty and insurance for shipped items is the responsibility of the purchasing dealer and/or end user. This limited warranty does not cover damage due to external causes, including accident, abuse, misuse, problems with electrical power, servicing not authorized by Cape, usage not in accordance with product instructions, and any other technical problems not resulting from manufacturer defect.

This warranty is voided if any repair or replacement is made or attempted on any Cape™ product without the prior written consent of Cape.

During the one-year period beginning on the invoice date, Cape will repair or replace products returned to Cape's U.S. distribution facility. If limited warranty service is required, Cape will issue a Return Material Authorization Number (RMA). The customer must ship the products back to Cape in their original or equivalent packaging, prepay shipping charges, and insure the shipment or accept the risk of loss or damage during shipment. Cape will return the repaired or replacement products on the customer courier account number or "collect freight" in the case where such an account number is not available.

This warranty statement is a general overview of our warranty policy and is not listed here in its entirety. A complete warranty and registration card will be included with each Cape branded charger and will outline in detail the warranty policy covering our charger products.

A full copy of the Cape Warranty can also be obtained on our website at www.capeproducts.com

DEMO UNIT PROGRAM

Cape offers dealers within the continental United States and Canada a 30 evaluation period for any products shown in the Cape Product Catalogue (subject to stock availability). Goods will be invoiced at regular price at time of shipment but will include extended payment terms to 60 days. This will allow the customer sufficient time to evaluate the product, demonstrate it to their customer and then either purchase or return the sample products within the 60 day period.

This program is intended to allow the dealer an opportunity to visually inspect Cape products. Any evaluation products deemed by Cape to have been returned in a "used" state will be returned to the customer and the invoice amount will be due.

Conditions

All prices are quoted in USD, freight collect F.O.B Wilmington, NC. Prices are subject to change without notice. We accept Visa and MasterCard.

Without prior account establishment and approval, all invoice amounts are payable prior to shipping of merchandise.
