SERVICE/PRODUCT NAME: Wireless Service and Equipment: Service

SERVICE/PRODUCT DESCRIPTION:

Sprint Nextel's integrated data and voice network provides customers with one single, dynamic integrated digital nationwide footprint; 100% digital CDMA and IDEN cellular voice communications; digital "always on", IP-based packet data service; and no roaming charges within the U.S. on most plans. Sprint Nextel's 4-in-1 wireless communication solution provides digital cellular, Nextel Direct Connect, Specialized Messaging Services, and wireless circuit and packet data.

Nextel Direct ConnectSM is the 2-way digital walkie-talkie feature that lets you get right through *instantly* without the hassles of voice mail, phone tag or time delays. Already built into every Sprint Nextel IDEN phone, Nextel Direct Connect lets you instantly contact. It provides instant communication via a private or group "Walkie-talkie"-like call. Nextel Direct Connect improves productivity and reduces "telephone tag", as Nextel Direct Connect calls do not terminate in a voice mailbox. VibraCall alert provides a discreet way to receive your Nextel Direct Connect calls.

Group ConnectTM (now called **Talkgroup**) allows customers to instantly communicate with up to 25 people at once with the push of a button, using Nextel Direct Connect service. It is a great feature for team members who depend on timely, consistent communication. Instead of making multiple calls, customers can reach more people at once -- get answers and get back to work.

Sprint Nextel's Connection Cards allow customers to wirelessly access their email, corporate network, and the Internet at high speeds on the Sprint Nextel EV-DO Network and EVDO Rev-A Network.

Sprint Nextel Business Essentials

Overview

Sprint Nextel Business Essentials® Plan is our core wireless voice offering that provides buckets of minutes that can be shared across users on an account with the added benefit of Unlimited Sprint Nextel Mobile to Mobile Calling (CDMA) or Unlimited Nationwide Walkie-Talkie (iDEN). WIRELESS PRIORITY SERVICE (WPS) allows authorized National Security and Emergency Preparedness (NS/EP) personnel to make cellular calls during an emergency when channels may be congested. WPS is the interconnect complement to Sprint Nextel's own Priority Connect service.

WPS is overseen by the National Communications System a division of the Department of Homeland Security. WPS was developed to meet a directive from the White House. NCS executes the program on behalf of the Executive Office of the President. Only individuals in NS/EP positions are authorized to use of WPS. Five categories have been established in order to identify critical NS/EP leadership functions and determine eligibility. Users must apply for and be approved by the National Communication System for Wireless Priority Service. Customers must apply directly to the NCS for Wireless Priority Service and be approved in order for Sprint Nextel to be able to add this service to a number. WPS is for leadership positions only and is not intended for use by all emergency service personnel. Priority Levels are:

- A.** Executive Leadership and Policy Makers
- B.** Disaster Response/Military Command and Control
- C.** Public Health, Safety and Law Enforcement Command
- D.** Public Services/Utilities and Public Welfare
- E.** Disaster Recovery

Customer must be a Sprint Nextel subscriber. Customer must request WPS service at <http://wps.ncs.gov> or call 1.866.NCS.CALL to apply. NCS will inform Sprint Nextel of those subscribers that are approved for WPS and at what Priority Level. Sprint Nextel cannot add, delete or modify a WPS subscription without NCS consent. Customers may access additional information at <http://wps.ncs.gov/>.

WPS is invoked by dialing *272 prior to the destination number. Wireless Priority Service has a one-time activation fee, a monthly charge, a per minute charge, and additional long distance charges if the customer's rate plan does not include long distance. Use of Wireless Priority Service does not draw down upon cellular minutes in a voice rate plan. Wireless Priority Service does not work outside of the United States.

Sprint Nextel 411 – provides phone numbers, addresses, and directions.
