

## **What to Do If Counselor is Listed as “Vacant”**

If the liaison to your school is currently listed as "Vacant", please contact a BRS Supervisor or District Director in your area to make arrangements for students in their final year of secondary education.

BRS is making every attempt to refill these positions as quickly as possible. While this is happening, your students can begin preparing to meet with their BRS counselor by using the ["In the Meantime... for Students"](#) document. The suggested activities in this document can help expedite the eligibility and employment plan process with BRS.

We appreciate your patience while we work to fill these positions.
