

## **CONNECTICUT BED BUG PEST MANAGEMENT PROFESSIONALS (PMP) 2015 LIST**

Following is a list provided for your convenience by the Connecticut Pest Control Association (CPCA) member companies that perform bed bug work, in collaboration with the Connecticut Coalition Against Bed Bugs (CCABB), under the leadership of The Connecticut Agricultural Experiment Station (CAES). It is not an endorsement of any of these companies and neither the CPCA, CCABB, nor the CAES assume any responsibility or liability as a result of your dealings with any of these companies.

It is recommended that a consumer check on any company they plan to hire prior to doing business with them. As is often suggested, a customer should contact at least three different companies in order to get a more complete picture of their situation, needs, and appropriated services that they might require. A customer should ask questions; be sure to include at least some of the following questions:

- What will I have to do to prepare for a treatment; what are my responsibilities as the customer?
- What treatment method will be used?
- What chemicals will be used and where will they be applied?
- What type of warranty will be offered?
- What will the cost of the treatment be?
- Will there be follow up inspections?

We hope you find this list and information helpful.

**CONNECTICUT BED BUG PEST MANAGEMENT PROFESSIONALS (PMP) 2015 LIST**

<p><b>AAA ABC Exterminating</b>                  Emmett S. Lee                  William Grey                  12 Winfield St.                  East Norwalk, CT 06855                  203-866-1233  <a href="mailto:emmett@abcbug.com">emmett@abcbug.com</a>  <a href="mailto:bill@abcbug.com">bill@abcbug.com</a></p>	<p><b>Canine Teams:</b> Subcontract with Dana K-9s out of West Havestraw NY; NESDCA certified, dogs Walter and Lucy.
