Permit Application to Move Regulated Wood Articles

Please complete this form in accordance with Regulations of Connecticut State Agencies (RCSA), section 22-84-5e subsection (d) to request a permit to move regulated articles out of New Haven County to be in compliance with the State of Connecticut Emerald Ash Borer Interior Quarantine. New Haven County is under state quarantine by order of the Director of the Connecticut Agricultural Experiment Station, effective August 9, 2012, because the emerald ash borer, a dangerous and destructive pest of ash trees, was detected in several towns within New Haven County. Intrastate movement of regulated articles as defined in RCSA, section 22-84-5d (eg., all firewood, raw lumber, ash logs and other wood products) originating in New Haven County must be accompanied by a permit and meet at least one of the following treatment requirements before leaving New Haven County: (1) removal of the bark and additional ½ inch of wood, (2) kiln sterilization treatment (USDA APHIS Treatment T-404-b-4), (3) fumigation (USDA APHIS Treatment T 404-b-1 methyl bromide), or (4) heat treatment (USDA APHIS Treatment T-314-a, 140°F or 60°C for 60 minutes). Movement of untreated regulated articles within New Haven County does not require further permission but may be subject to inspection to confirm its origin and destination. Interstate movement of regulated articles may require state and federal permits or compliance agreements. Chipped articles to no greater than 1 inch in 2 dimensions (preferably ½ inch) are deregulated and can be freely moved. Untreated ash logs may only be moved to sawmills or other processing facilities during the period October 1 through March 31 with the required permit and must be processed and deregulated during this interval. Sawmills and other processing facilities receiving untreated regulated articles from New Haven County are subject to inspection.

Part I. Applicant Information (please print or type)

Name (First, Middle Initial, Last) _____

Mailing address: _____

City/Town: _____ State: _____ Zip Code: _____

Business Phone: _____ Ext.: _____ Fax: _____

*Business e-mail address: _____

*By providing this e-mail address, you are agreeing to receive official correspondence from the CT Agricultural Experiment Station (CAES), at this electronic address, concerning the subject application. Please check your security settings to be sure you can receive e-mails from "ct.gov" addresses. Also, please notify CAES if your e-mail address changes. If an applicant is a corporation, limited liability company, limited partnership, limited liability partnership, or a statutory trust, it must be registered with the Secretary of State and the name should be stated exactly as it is registered with the Secretary of State. Only individuals authorized by the applicant may sign this application. An individual's signature on this application certifies that s/he is authorized to sign this application.

Part II. Origin of Regulated Articles

Address: Street: _____ Town: _____

Type of wood materials to be transported: _____

Method of wood treatment (i.e., debarking, kiln sterilization, etc.) _____

**Destination of wood materials (street, town/city, state): _____

Date(s) (or frequency, in the case of a specialized permit) of shipment(s) _____

**Inspection of regulated articles at points of origin may be required before shipment. A state permit will be issued allowing the movement of regulated articles, if appropriate; otherwise, it will be denied if sufficient steps are not followed to eliminate the risk of transporting living stages of the emerald ash borer.

Part III. Application Certification

The applicant and the authorized individual(s) responsible for actually preparing the application must sign this part. An application will be considered insufficient unless all required signatures are provided.

I have personally examined and am familiar with the information submitted in this document, and I certify that based on reasonable investigation, including my inquiry of the individuals responsible for obtaining the information, the submitted information is true, accurate and complete to the best of my knowledge and belief. I certify under penalty of law that I have read and understand all conditions of the State of Connecticut Emerald Ash Borer Interior Quarantine issued on August 9, 2012, have an understanding of appropriate federal regulations (7 CFR 301.53-5, and 301.53-8), and that all conditions for eligibility for permission to move regulated articles outside New Haven County under the quarantine order are or will be met, including necessary treatment or mitigation. This document and all attachments were prepared under my direction or supervision in accordance with a system designed to ensure that the information submitted has been properly gathered and evaluated.

I understand that a false statement in the submitted information may be punishable as a criminal offense pursuant to section 53a-157b of the General Statutes and in accordance with any other applicable statute.

I certify that this application is on complete and accurate forms as prescribed by the Director of the Connecticut Agricultural Experiment Station without alteration of text.
