

*Special thanks to Sandra E. Carney for editorial assistance.*

*I'd also like to thank and acknowledge many Connecticut arborists for suggestions and comments that have helped to make each edition of this guide a more useful reference.*

This publication was produced by The Connecticut Agricultural Experiment Station and distributed by the Connecticut Tree Protective Association.

# *Disease Management Guide for Connecticut Arborists 2007-2008*

The pesticide suggestions included in this publication are provided only as a guide and are not all-inclusive. Although this guide contained up-to-date product information at the time of printing, frequent label and product registration changes may render some of the suggestions inappropriate by the time the guide is used. This publication makes no claims regarding the efficacy of the pesticides and the author assumes no liability resulting from the use of the strategies for disease management included in this guide.

**This guide is not intended as a substitute for the pesticide label. Read and understand the label thoroughly before applying any pesticide.**
