

## Crew Internships for Independent Film “Saving Grace”

You want feature film experience, here’s your golden chance!

Tower Isle Productions is seeking energetic people to join our crew as we shoot “*Saving Grace*” an upbeat, emotional reggae dance drama on the weekends.

This is an incredible opportunity for the right individuals to gain experience on an independent feature film set. Perhaps you took a class and yearn to apply it to a real project. This is where you begin to network with other filmmakers and build your reputation.
