- 5) **Submit** one *original* copy of the report 60 days after completion of project, no later than October 30, 2010.

The information below defines terms used in the report.

### GRANTEE INFORMATION

**Grant Number:** This is a five-digit number found on the top section of your grant contract. It follows this format: 2010-OSProj - # # # # #. If you've misplaced the contract, it's okay to leave this blank... we'll fill it in.

**Grant Amount:** Also found on the grant contract. If you are unsure of the amount, contact Cathy.

**Address Change:** Whenever there is an address change, an organization must formally notify CCT in writing, on letterhead, stating the old and new mailing address. Our fiscal office requires this proof; grant payments will be delayed until receipt of this document. **If your address has changed, include this letter.**

### SUMMARY INFORMATION

**Total Income/Expenses:** Nonprofits report the organization's total cash operating income and expenses for their fiscal year ending in 2009. Colleges and universities should report income/expenses for the theatre, performing arts center, etc. if at all possible.

**Individuals benefiting:** Count the total number of individuals who were directly involved in the project as artists, non-artist project participants or audience members. Include actual audience numbers based on paid/free admissions or seats filled. Avoid inflated numbers and do not double-count repeat attendees. If actual figures or reliable estimates cannot be secured, leave blank. Grantees are not penalized for low numbers.

**Artists participating:** Count the total number of artists directly involved in providing art or artistic services for the project. Include living artists whose work is represented in an exhibition regardless of whether the work was provided by the artist or by an institution.

**Youth benefiting:** The total number of children and youth (including people under 18 years old, students, participants and audience members) benefiting directly from the project. This figure should reflect a portion of the total number reported in the individuals benefiting field.

### CREDIT AND PUBLICITY

Attach samples of at least 1 and no more than 3 **printed items** which show acknowledgement of CCT support of the project. **Note in the space provided**, other ways CCT may have been credited, e.g. through pre-performance announcements, web site, etc.

## **NARRATIVE REPORT**

Answer the **four** questions on no fewer/no more than **two** single-sided pages, making sure the number and question appear before each response. Please use a font size of 11 or 12 points.

## **FINANCIAL REPORT**

Figures should be reported for the project, which occurred sometime between **October 1, 2009** and **August 31, 2010**. They verify that you have met the matching requirements as stated in the grant guidelines. The value of in-kind donations (reported on the last line) is not counted toward the cash match.

Refer to the application submitted in February, 2009, for projected income and expense figures. Note that the final report form **combines several budget categories** to simplify reporting. For example, administrative, artistic and technical employee salaries are reported together as one figure.

Embedded formulae in certain fields will automatically calculate totals.

## **BUDGET DEFINITIONS**
