# Buildings on Fire 2011; Tactical Renaissance and the New Rules of Combat Fire Engagement

**Christopher J. Naum, SFPE, Chief of Training, Command Institute, Washington, DC**

**F**irefighting in 2011 presents unique and challenging conditions and situations, with fire suppression tactics evolving for the rapidly changing methods and materials impacting all forms of building construction, occupancies and structures. This program will present the concepts and methodologies of Five Star Command™ and the five (5) fundamental core relationships of; Building Construction, Risk Management, Firefighter Behaviors, Incident Operations and Situational Safety and its impact on future fire service training and curriculum development. Examining the cutting edge of emerging fire suppression decision-making and safety protocols that directly influence dynamic command risk management, decisive strategic and tactical considerations, this seminar will provide insights and dialog on the Tactical Renaissance and the New Rules of Combat Fire Engagement for Buildings on Fire in 2011 and beyond.

**Christopher J. Naum, SFPEE • Chief of Training, Command Institute, Washington, DC  
Second Vice President, International Society of Fire Service Instructors**

A 36-year fire service veteran and former Fire Chief/ Coordinator at a U.S nuclear power plant in the Northeastern United States, he is a nationally recognized authority on building construction, structural collapse and command management, and has traveled throughout the United States and internationally delivering training programs on building construction, command risk assessment and firefighter safety. Chief Naum is an Adjunct Instructor with the National Fire Academy and was the 1987 ISFSI George D. Post National Fire Instructor of the Year. He is the Chief of Training for the Command Institute in D.C, the Second Vice President with the International Society of Fire Service Instructors and a Contributing Editor with Firehouse Magazine and Firehouse.com.
