Advanced Safety Operations and Management Class Available

The Connecticut Fire Academy is pleased to offer “Advanced Safety Operations and Management” during the 2005 June School.

This is a National Fire Academy class delivered at the Connecticut Fire Academy from Saturday, June 4 through Thursday, June 9, 2005.

Course Description

This (6) six-day course focuses on applying the risk management model to health and safety aspects of emergency services operations, including program management, day-to-day operations, and incident safety.

Content areas include firefighter and emergency services fatality and injury problem; the risk management process; safety responsibilities of department members; regulations, standards, and policies affecting emergency services safety; and

There are a limited number of seats available for this class. Applicants must complete a FEMA form 75 application and a Connecticut Fire Academy application. The cost for this class is \$50.00. Completed applications can be faxed with credit card or purchase order to 860-654-1889 or make check payable to CFOC and mail to 34 Perimeter Road, Windsor Locks, CT 06096. Applications must be received by Thursday, May 5, 2005.

appropriate documentation and recordkeeping pertaining to firefighter and emergency services health and safety.

This course is appropriate for company level officers, chief officers, and civilian managers who have department-level health and safety responsibilities (such as program planning and implementation), who may serve as Incident Safety Officer, or who simply have and interest in firefighter and emergency safety and health issues.

For more information, please contact Program Manager Mark Salafia at 860-627-6363 ext. 286 with any questions.
