

COMMISSION ON HUMAN RIGHTS AND OPPORTUNITIES

2008 Legislative Summary

The regular 2008 Session of the Connecticut General Assembly adjourned on May 7, 2008 and a special fiscal session was held on Jun 11, 2008 while the annual veto session was held on June 23, 2008. With the completion of their efforts, the legislature passed 190 public acts and 10 special acts. Governor M. Jodi Rell vetoed six bills and had two of those vetoes (minimum wage, tip credit) overridden by majority Democrats in the General Assembly.

At the end of this report is a complete table of every bill passed in concurrence by both chambers of the legislature. It lists the bill's name, number, dates it passed each chamber, its Public or Special Act number and final disposition. Besides the overridden vetoes we also have another parliamentary rarity (SB 462), a law being allowed to take effect without the governor's signature.

Bills of Particular Interest to CHRO

Contract Compliance

Of critical importance to CHRO this year was the issue of the contracting compliance provisions required in Public Act 07-142 which has dramatically increased the number of requests for exemptions from the provisions of sections 4a-60 and 4a-60a to come before the Commission. We were successful in getting the Judiciary Committee to raise a bill for a public hearing. That bill was not acted on by the reporting deadline and died in committee.

I would like to thank the Commissioners of CHRO for their unending support throughout the legislative session, but especially regarding contracting compliance. When our hoped-for bill was not reported by the Judiciary Committee the Commission took prompt and unprecedented action by unanimously passing a resolution calling on the governor and legislative leaders to take action to relieve this extraordinary administrative burden from the CHRO. This bold act got the attention of both the executive and legislative branches and kept our efforts alive. We had hopes until the final day of the session that we could resolve this issue through an amendment to be offered by Senator Andrew McDonald, but the session slogged to an inglorious end with division and delay being the pincers that killed scores of initiatives including ours. The leadership of the Commissioners was essential and helped our efforts immensely.

Budget

As expected the threat of a budget deficit made money the lead topic of the 2008 session. In the end the legislature, for the first time since the state budget changed from an annual budget to a biennial budget, made no adjustments to the budget for the next fiscal year.

In order to close deficiencies in the budgets of the University of Connecticut Health Center, Department of Correction and Workers' Compensation Fund, other state agencies, including CHRO, were not allowed to keep unspent funds from lapsing. Because the commission had several vacant or partially vacant positions \$400,000

in appropriated, but unused, personal services funds were returned to the General Fund. Also, \$150,000 that had been authorized for a Workforce Disparity Study lapsed.

Hate Crimes

This act makes it a discriminatory practice to place a noose or simulation of one (1) on public property or on private property without the owner's written consent and (2) with intent to intimidate or harass someone based on religion, national origin, alienage, color, race, sex, sexual orientation, blindness, or physical disability.

Committing a discriminatory practice is a class A misdemeanor punishable by up to one year in prison, a fine of up to \$2,000, or both. If property damage over \$1,000 results, it is a class D felony punishable by up to five years in prison, a fine of up to \$5,000, or both. It is also a class D felony if the offender (1) wears a mask, hood, or other device designed to conceal his or her identity and (2) intends to deprive another person of any legally guaranteed right because of his or her religion, national origin, alienage, color, race, sex, sexual orientation, blindness, or physical disability. PA 08-49 is effective October 1, 2008.

Blind or Physically Disabled State Employees

SB 65 allows permanent full-time state employees and quasi-public agency employees, who are blind or physically disabled, to use up to 15 days of accumulated paid sick leave to take guide dog or assistance dog training.

To qualify an employee must (1) have been employed for at least 12 consecutive months and (2) participate in training that prepares the employee to handle a guide or assistance dog for his or her own use. A guide dog or assistance dog organization that is a member of the professional association of guide dog or assistance dog schools must conduct the training.

The agency can require up to seven days advance notice of an employee's intention to use the leave and may require the employee to provide reasonable documentation that the leave falls under the act's permitted purpose. As the bill is very limited in scope and any employee impacted would be utilizing their own accumulated paid sick leave, this bill is not expected to have a fiscal impact. Public Act 08-4 is effective October 1, 2008.

Asian Pacific American Affairs Commission

HB 5321 establishes a 13-member Asian Pacific American Affairs Commission within the Legislative Department. Public Act 08-166 is effective October 1, 2008.

MDC Set-aside

HB 5800 amends the MDC Charter to allow it to create a form of set-aside for minority contractors. The bill, rather than using existing statutory provisions which are understandable and legally tested, includes difficult to follow language that allows for waivers in some circumstances.

Public Accommodation Discrimination Settlements

HB 5904 prohibits the state from claiming or applying a lien against any money received as a settlement or award in a public accommodation discrimination case by people who have been supported wholly or in part by the state in a humane institution. The law defines these institutions as a state mental hospital, community mental health center, treatment facility for children and adolescents, or any other facility or program administered by the departments of Mental Health and Addiction Services, Developmental Services (successor to the Department of Mental Retardation), or Children and Families.

The prohibition also applies to claims or liens against individuals who received assistance from the State Supplement, Medicaid, Temporary Family Assistance (TFA), Aid to Families with Dependent Children (replaced by TFA in 1997), and State-Administered General Assistance programs.

The bill provides a similar prohibition in the law governing towns' ability to recover assistance provided to residents (former town-administered General Assistance recipients). The state took over that program in 1997, but towns can still recover benefits paid in certain circumstances.

The prohibition already applies to settlements and awards in housing and employment discrimination cases.

Other Major Legislative Action

Minimum Wage Increase

The legislature raised the state minimum hourly wage from \$7.65 to \$8 beginning January 1, 2009, and to \$8.25 beginning January 1, 2010. HB 5105 is effective October 1, 2008.

Mortgage Relief

The legislature addressed the current mortgage crisis by specifically authorizing the Connecticut Housing Finance Authority (CHFA) to (1) continue the CT FAMILIES refinancing program and (2) implement mortgage refinancing and emergency mortgage assistance programs (EMAP). HB 5577 allows CHFA to develop and implement a program for it to purchase foreclosed Connecticut property and turn it into supportive and affordable housing. The act requires WorkPlace, Inc., in conjunction with the other regional workforce development boards and one-stop centers, to establish a mortgage crisis job training program.

The act requires the chief court administrator, by July 1, 2008, to establish a foreclosure mediation program in each judicial district to run through 2010. The act establishes several requirements for mortgage loans (mainly for "nonprime loans," which it defines) and for mortgage professionals making those loans and makes additional regulatory changes, including increasing bond requirements for lenders and brokers. It also makes a number of changes to the National Mortgage Licensing requirements adopted under PA 07-156. The act establishes a commission on nontraditional loans and home equity lines of credit. HB 5577 is effective July 1, 2008, except for the CT FAMILIES program, state assistance for EMAP, the establishment of the mediation program, and the nontraditional mortgage commission provisions, which are effective on passage.

15-Year-Old Workers

This act reinstates a law, which expired on September 30, 2007, that permits 15-year-olds to work as baggers, cashiers, or stock clerks in retail businesses under certain restrictions. It permits them to work (1) only during school vacations, except in retail food stores where they can work on any Saturday; (2) for up to eight hours a day or 40 hours a week; and (3) between 7 a.m. and 7 p.m., except that from July 1 to the first Monday in September, they may work until 9 p.m.

The act retroactively makes lawful the employment of 15-year-olds in retail after the prior law expired if the employer had met the applicable work day and hour restrictions. It specifically exempts employers who employed 15-year-olds under these conditions from criminal and civil penalties for doing so.

Children's Product Safety

In the wake of national reports about tainted toys, the legislature established limits for lead in children's products. With certain exceptions, HB 5650 makes children's products that fail to comply with these limits banned hazardous substances under the State Child Protection Act. It also prohibits the sale of toys or other articles marketed for children under age 16 that contain asbestos.

The act requires retailers and other businesses selling a banned hazardous substance to complete a certificate that accounts for its disposal. It requires the Department of Consumer Protection (DCP) to post on its website a list of banned toys and other articles intended for use by children and compile a list of toxic substances that should not exist in children's products and safer alternatives to them. DCP may adopt regulations requiring certain consumer products to have warning labels if they bear lead-containing paint. DCP must do all of these activities within its available appropriations.

The act increases related criminal and civil penalties and makes it an unfair trade practice for: (1) a store to fail to post notices when DCP designates an article as a banned hazardous substance and (2) an establishment where hazardous substances are manufactured to refuse to allow a DCP inspector or investigator to inspect or obtain a sample.

UConn Health Center

This act implements the recommendations of the Connecticut Academy of Science and Engineering (CASE) needs-based analysis of the UConn Health Center (UCHC) facilities plan in two phases and requires the Office of Legislative Management to contract with CASE to act as an independent monitor during the implementation process.

In phase 1, the UCHC and one or more regional hospitals must develop a mutual vision for establishing affiliation agreements. In phase 2, they must articulate the affiliation agreements that detail their working relationships to support excellence in medical education. CASE must report on the implementation process by June 30, 2008 for phase 1 and January 30, 2009 for phase 2, to the legislature, UCHC, Office of Policy and Management, and any regional hospital involved. SB 51 is effective upon passage.

Environmentally Stressed and Environmental Justice Communities

This act places additional requirements on applicants seeking permits, certificates, or siting approval from DEP or the Siting Council for certain new or expanded facilities. These "affecting facilities" include electric, waste, and sewage treatment plants in "environmental justice communities." Environmental justice communities are (1) census block groups in which 30% of the population has incomes below 200% of the federal poverty line and (2) distressed municipalities. The additional requirements include submitting a meaningful public participation plan for approval to DEP or the Siting Council, and consulting with municipal officials to evaluate the need for a community environmental benefit agreement. This agreement allows the applicant to mitigate any adverse affects of the affecting facility. Such mitigation may include on- and off-site projects and funding for various environmental initiatives. HB 5145 is effective January 1, 2009.

Allowing 17-years-olds to Vote in Primaries

This resolution proposes a constitutional amendment allowing 17-year-old citizens who will turn 18 on or before the day of a state or municipal election to vote in its primary. Under the resolution, such an individual must apply and otherwise qualify for admission as an elector. He or she may then vote in the primary held to determine nominees for the regular election. Upon turning 18, the individual's electoral rights attach.

The ballot designation to be used when the amendment is presented at the general election is: “Shall the Constitution of the State be amended to permit any person who will have attained the age of eighteen years on or before the day of a regular election to vote in the primary for such regular election?” HJ 21 will be placed on the 2008 general election ballot. If a majority of those voting in the general election approves the amendment, it will become part of the state constitution.

Supportive Housing

This act authorizes the Department of Mental Health and Addiction Services to provide an additional 500 “Next Steps” supportive housing units for people with mental illness. Funding for these units comes from mortgages, tax credits, and grants from the Connecticut Housing Finance Authority (CHFA) and the Department of Economic and Community Development. The act authorizes the state to provide annual debt service payments on an additional \$35 million in bonds issued by CHFA. SB 2 is effective upon passage.

Teenage Drivers

This act establishes several new requirements for 16- and 17-year-olds, and in some cases their parents or legal guardians, both before and after they get their drivers’ licenses.

Interstate Compact on Educational Opportunity for Military Children

This act (1) enacts and commits Connecticut to the terms of the Interstate Compact on Educational Opportunity for Military Children and (2) creates an Interstate Commission on Educational Opportunity for Military Children to administer and enforce the compact. It also expands the National Guard tuition waiver program at UConn and in the Connecticut State University system to include graduate programs. PA 08-57 is effective upon passage, except the tuition waiver for guard members is effective July 1, 2008.

SPECIAL ACTS Special Session, June 11, 2008					
Bill Number	Special Session, June 11, 2008	House Passed	Senate Passed	Special Act Number	Signed By Governor
HB-6501	AN ACT MAKING DEFICIENCY APPROPRIATIONS FOR THE FISCAL YEAR ENDING JUNE 30, 2008	6/11	6/11	SA 08-1	6/16

*LAW NS - Means became LAW, No Signature by governor. Governor Rell did not object to the underlying bill, but because the legislation had a small fiscal impact she refused to sign it into law as a means of sending a message to the legislature that she did not want to see bills that, in this case reduced revenue. It became law without her signature.

**SB 599 was a bill that would have only effected one person in the state and would have set a precedent regarding pension benefits.
