

Benefit Chart of Medicare Supplement Plans

This chart shows the benefits included in each of the standard Medicare supplement plans. Every company must make Plan A available. Some plans may not be available in your state.

Basic Benefits:

- Hospitalization – Part A coinsurance plus coverage for 365 additional days after Medicare benefits end.
- Medical Expenses – Part B coinsurance (generally 20% of Medicare-approved expenses) or copayments for hospital outpatient services. Plans K, L, and N require insureds to pay a portion of Part B coinsurance or copayments.
- Blood – First three pints of blood each year.
- Hospice – Part A coinsurance.

<u>Out-of-pocket limit (\$5,120); paid at 100% after limit reached</u>	<u>Out-of-pocket limit (\$2,560); paid at 100% after limit reached</u>		

* Plan F also has an option called a high deductible plan F. This high deductible plan pays the same benefits as plan F after one has paid a calendar year **2017 (\$2,200)** deductible. Benefits from high deductible plan F will not begin until out-of-pocket expenses exceed (\$2,110). Out-of-pocket expenses for this deductible are expenses that would ordinarily be paid by the policy. These expenses include the Medicare deductibles for Part A and Part B, but do not include the plan's separate foreign travel emergency deductible.
