- (1) Plans for Disabled - All companies must offer Plans A, B and C. If a company also offers Plan(s) B and/or C, then it must also offer the plan(s) to disabled Medicare beneficiaries.
- (2) High Deductible Plan - This plan provides the same benefits as Plan F after one has paid a calendar year deductible of \$2,000 for 2010. Out of pocket expenses for this deductible are expenses that would ordinarily be paid by the plan. These expenses include the Medicare A and B expenses that would ordinarily be paid by the plan. These expenses include the Medicare A and B deductibles, but not the foreign travel emergency deductibles.
- (3) The date a company's rate was approved is not necessarily the date the rate change will take effect. Check with the company for the effective date.
- (4) These are group plans that are available to individuals enrolled in Medicare. Payment of a group membership fee is required.
- (5) These plans provide different cost-sharing provisions compared to those under Plans A through J. You must pay a portion of the cost for certain covered services until you meet a cal/year limit (Plan K – \$4,620 for 2010); (Plan L – \$2,310 for 2010). Once you meet the cal/year limit, the plan pays 100% of the Medicare copayments, coinsurance and deductibles for the rest of the cal/year. Doctor's charges that exceed Medicare approved amounts aren't covered and don't count toward the cal/year limit. The cal/year limit can increase each year for inflation.
