DECISION AND ORDER

Pursuant to the Council's opinion in this matter, the Council hereby directs that a certificate of environmental compatibility and public need as required by section 16-50k of the General Statutes of Connecticut, revisions of 1958, revised to 1981, as amended, shall be issued to Cablevision of Connecticut, Limited Partnership, for the construction of a sub-headend facility and associated equipment at New Hope Towers, 300 Tresser Boulevard, Stamford, Connecticut, as specified in the Council's record on this matter, subject to the following conditions:

1. No equipment other than that referred to in Council finding number 9 shall be added to the facility without prior notification to the Council, even if, in the certificate holder's opinion, no Council action is required;
2. Power densities shall not exceed those cited in Council findings 53 and 54;
3. Following installation and initiation of operation, power densities shall be measured to confirm the levels cited in Council findings 53 and 54, and reported to the Council with a qualified engineer's certification;
4. The applicant shall submit a development and management plan pursuant to sections 16-50j-75 through 16-50j-77 of the regulations of state agencies except that irrelevant items in

section 16-50j-76 need only be identified as such.

5. This decision and order shall be void if all construction authorized is not completed by November 1, 1983.

We hereby direct, pursuant to section 16-50p(c) of the General Statutes, that a copy of the opinion and decision and order be served on each person listed below. A notice of the issuance shall be published in the Stamford Advocate.
