Re: Docket 272, Middletown-Norwalk (M-N) Transmission Project Development and Management Plan – Segment 4a, Bridgeport & Fairfield: Notice of Commencement of Construction

Dear Chairman Katz:

As a condition of the Connecticut Siting Council's approval of the Development and Management (D&M) Plan, The Connecticut Light & Power Company hereby provides notice of the commencement of construction in Segment 4a for the towns of Bridgeport and Fairfield, where the underground route will travel from the Singer Substation in Bridgeport to the Fairfield/Westport town line at Sasco Creek.

As discussed in the D&M Plan, the Project Schedule includes:

- Civil Work: July 2006 to October 2007
- Landscaping: March 2007 to December 2007
- Cable Installation: March 2008 to October 2008
- Testing: March 2009 to May 2009

We are working to reduce the impact of this work on our neighbors and customers and, to that end, are encouraging them to obtain more timely information on the M-N Project via the website at www.middletown-norwalk.com, or by calling our toll-free hotline number.

Sincerely,

Anne Bartosewicz
Middletown-Norwalk Project Director
