Re: Docket No. F-2005 – Connecticut Siting Council Review of the Ten-Year Forecast of Connecticut Electric Loads and Resources.

Dear Mr. Phelps:

Connecticut Resources Recovery Authority (CRRA) hereby submits an original and twenty (20) copies of its responses to the data requests dated April 6, 2005 in the above referenced docket.

1. Q: How does Connecticut Resources Recovery Authority (CRRA) compute seasonal claimed capability?

A: CRRA computes seasonal claimed capability as required by ISO New England as defined in the ISE New England Manual for Installed Capacity, Manual M-20, Attachment D Claimed Capacity audits.

2. Q: Do any CRRA generating facilities have black start capability? If yes, specify which ones.

A: South Meadows Jet Turbine Facility has black start capability. This facility is owned by CRRA and Select Energy is listed as the generator asset owner and lead participant.

3. Q: Does CRRA have any upgrades and/or modifications to the South Meadows Facility planned?

A: No.

Should you have any questions, please do not hesitate to contact me.

Very Truly Yours,

A handwritten signature in black ink, appearing to read 'Chris Fancher', written in a cursive style.
