RE: **DOCKET NO. F-2005** -- Connecticut Siting Council Review of the Ten-Year Forecast of Connecticut Electric Loads and Resources

Dear Mr. Carlton:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than April 27, 2005. To help expedite the Council's review, please file individual responses as soon as they are available.

Please forward an original and 20 copies to this office. In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. A list of parties and intervenors is enclosed. Fewer copies of bulk material may be provided as appropriate.

Yours very truly,

S. Derek Phelps
Executive Director

SDP/MP

Parties and Intervenors

Docket F-2005
Lake Road Pre-Hearing Interrogatories, Set One

1. Listed below are the data from the April 2005 ISO-New England Seasonal Claimed Capability Report (rounded to two decimal places). Does Lake Road Generating Company, L.P. (Lake Road) agree with these numbers? If no, provide the correct data.

Net Capability - MW	Summer	Winter
Lake Road 1	232.14	267.76
Lake Road 2	223.36	258.98
Lake Road 3	237.64	273.27

2. How does Lake Road compute seasonal claimed capability?
3. Do any Lake Road generating facilities in Connecticut have black start capability? If yes, specify which ones.
4. Describe recent market trends and the relationship between the natural gas industry and electric generation.
5. Was Lake Road affected by natural gas delivery during this past winter? Explain.
6. Does Lake Road have any modifications and/or upgrades to the power plant planned?
