CONNECTICUT
SITING COUNCIL

Dear Mr. Phelps:

The Connecticut Municipal Electric Energy Cooperative (CMEEC) herewith submits an original and twenty (20) copies to the Connecticut Siting Council of a revised response to Interrogatory #1 dated April 18, 2007 from the Connecticut Siting Council in conjunction with Docket No. F-2007 Connecticut Siting Council Review of Connecticut Electric Loads and Resources.

Should you require any additional information, please advise us.

Very truly yours,

CONNECTICUT MUNICIPAL ELECTRIC
ENERGY COOPERATIVE

RESPONSE TO CSC DATA REQUEST Dated April 18, 2007

Q-CSC-1-CMEEC

In the Connecticut Municipal Electric Energy Cooperative's (CMEEC) 2007 Forecast of Electric Loads and Resources (CMEEC Forecast) under the Conservation and Load Management section, it notes that 1.3 MW of summer reduction demand was achieved in 2006. Provide a projection of the summer demand reduction for each year from 2007 through 2016. Does Table I of the CMEEC forecast take into account projected summer demand reduction due to CL&M?

A-CSC-1-CMEEC

Please find below a revised Excel spreadsheet incorporating projections of summer demand reduction from 2007-2016. The CMEEC forecast shown in Table I in the March 1, 2007 filing does take into account projected summer demand reduction due to Conservation & Load Management.
