Re: 2007 Forecast of Loads and Resources

Dear Mr. Phelps:

I write on behalf of the Bristol Resources Recovery Facility Operating Committee ("BRRFOC") to inform you that BRRFOC has reviewed the "Connecticut Siting Council Review of the Ten-Year Forecast of Connecticut Electric Loads and Resources, Draft Report," dated June 6, 2007 (the "Forecast"). As a generator of electricity using solid waste as a fuel, BRRFOC is pleased to see that the Siting Council continues to recognize the multiple benefits of solid waste energy. Accordingly, BRRFOC endorses the section of the forecast regarding Solid Waste Power Generation.

Thank you for the opportunity to comment on the Forecast. If you have any questions or require additional information, please contact me.

Sincerely,

Andrew W. Lord
