Witness: Bryan C. Barbera
Request from: Connecticut Energy Advisory Board

Question:

Please provide the forecast of impacts resulting from distributed generation (DG) projects for which the Department of Public Utility Control has approved grants pursuant to the DG Grant Program in the period 2009–2018 on (a) total system energy requirements and (b) summer peaks. Please provide a list of the DG units and their anticipated in-service dates.

Response:

Please see Table 2-2 in CL&P's 2009 Forecast of Loads and Resources filing for the (a) total system energy requirements and (b) summer peaks, which reflect adjustments for distributed generation. This table consists of 50 Distributed Generation projects/generators.
