

**The Connecticut Light and Power
Company
Docket No. LIFE-CYCLE 2011**

Data Request CSC-01

**Dated: 09/15/2011
Q-CSC-015-SP01
Page 1 of 1**

**Witness: CL&P Panel
Request from: Connecticut Siting Council**

Question:

Provide any comments and/or suggestions regarding how the Council's Life Cycle 2007 report could be improved.

Response:

CL&P wishes to supplement its initial response on September 29, 2011 to Q-CSC-015 as follows:

The 2007 report notes, in section 4.3.1, that in June 2004, the Connecticut Legislature enacted Public Act 04-246, and discusses its potential consequences. The new report should note that, since the 2007 report was published, the legislature adopted June Sp. Sess. Public Act 07-4, which amended Public Act 04-246 (codified at Conn. Gen. Stat. § 16-50p(i)) to make clear that, in considering the feasibility of underground transmission lines pursuant to the Act, the Council should consider "whether the cost of any contemplated technology or design configuration may result in an unreasonable economic burden on the ratepayers of the state."
