Re: Petition #1984

Dear Chairman Stein,

On December 1, 2015, a staff member of Congressman John B. Larson, met with representatives from FuelCell Energy regarding the proposed Beacon Falls fuel cell project.

As a strong advocate of fuel cell technology and in support of a company located in the First Congressional district, Congressman Larson has submitted a letter in support of this project.

It is the opinion of this office that Mr. Lynch, a staff member of Congressman Larson and also a current member of the Connecticut Siting Council should recuse himself to avoid any appearance of conflict.

Sincerely,

Maureen T. Moriarty  
District Director  
U.S. Congressman John B. Larson
