RE: PETITION NO. 1184 - Beacon Falls Energy Park, LLC petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed construction, operation, and maintenance of a 63.3 Megawatt AC fuel cell facility located on Lopus Road, Beacon Falls, Connecticut.

Dear Ms. Bachman:

At the hearing in this Petition, currently scheduled for November 5, 2015, the Petitioner, Beacon Falls Energy Park, LLC does not anticipate presenting any pre-filed testimony. The Petitioner believes that its Petition speaks for itself and stands on its own merits.

The Petitioner recognizes, however, that the Council may have questions about various aspects of the Petition, therefore, the Petitioner will provide the Council with an array of witnesses to address any questions the Council may have. These ten witnesses, their company affiliations, and their relevant areas of expertise are as follows:

Anthony Agresti, TRC, potential noise issues and abatement;
Michael Anderson, TRC, air emissions;
Kirk Arneson, FuelCell Energy, fuel cell information and product specifications;
Richard Audette, O&G Industries, engineering and project construction;
Scott Bristol, Milone & MacBroom, water resources and general environmental;
William Corvo, Petitioner, project development and general information;
Stephen Dietzko, Milone & MacBroom, water resources and general environmental;
Louis Ernst, FuelCell Energy, fuel cell information and product specifications;
Matthew Tobin, O&G Industries, engineering and project construction; and
Ben Toby, FuelCell Energy, fuel cell information and product specifications.

Should the Council know in advance that it will not have any questions regarding a particular area of expertise, we can eliminate any witnesses who have such subject matter expertise.
