RE: **PETITION NO. 1120** – The United Illuminating Company petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed modifications to the Hawthorne Substation located at 180 Hawthorne Drive, Fairfield, Connecticut.

---

Enclosed please find a partial transcript on the subject petition dated April 23, 2015, received in the Council's office on May 19, 2015.

Pursuant to General Statutes § 16-50o(d), "A copy of the transcript of testimony at the hearing shall be filed at an appropriate public office, as determined by the Council, in each county in which the facility or any part thereof is to be located."

The Council has determined that the Town Clerk's Office in the Fairfield and Easton Town Halls are appropriate public offices for filing copies of the transcript in the Fairfield County.

Pursuant to Section 16-50j-26 of the Regulations of Connecticut State Agencies, at the conclusion of the hearing, the Council established that May 26, 2015 would be the date by which briefs and public statements may be filed with the Council. Due to the delay in receipt of the transcript, the deadline for briefs and proposed findings of fact has been extended to June 5, 2015.
