Shelton, CT 06484

Notice of Siting Council Application

Pursuant to Connecticut General Statutes § 16-50/(b) and the Regulations of Connecticut State Agencies § 16-50/-1(e) notice is hereby given that on or about June 30, 2006, The United Illuminating Company (“UI”) will file an application, with the Connecticut Siting Council (“Council”), 10 Franklin Square, New Britain CT, for the issuance of a Certificate of Environmental Compatibility and Public Need to construct and operate a new electric substation and associated facilities in the Town of Trumbull, Fairfield County, Connecticut (“Project”). The Project is needed to ensure reliable electric service to customers in the Trumbull/Bridgeport/Stratford/Shelton area of southwest Connecticut. Currently, UI’s Old Town Substation (Bridgeport) and Trap Falls Substation (Shelton) are operating at or near capacity. The Project will be located on property owned by UI at 3-7 Wildflower Lane immediately west of Connecticut State Route 8/Nicholas Avenue (State Route 108) interchange. Details of the proposed project will be included in UI’s application to the Council.

Interested persons may obtain copies of the application from:

The United Illuminating Company

Re: Notice to Property Owners Abutting the Proposed Trumbull Substation Location
Trumbull, Connecticut

Dear _____:

Pursuant to Connecticut General Statutes § 16-50(b), The United Illuminating Company (“UI” or the “Company”) is providing notice of its intent to submit an application to the Connecticut Siting Council (“Council”) on or about June 23, 2006 for a Certificate of Environmental Compatibility and Public Need to construct and operate a new 115,000/13,800 –volt electric substation and associated facilities in the Town of Trumbull, Fairfield County, Connecticut (“Project”).

The proposed Project will be located on property owned by UI at 3-7 Wildflower Lane immediately west of Connecticut State Route 8/Nicholas Avenue (State Route 108) interchange. Your property abuts the site of the proposed Project at 3-7 Wildflower Lane.

The Project is needed to ensure reliable electric service to customers in the Trumbull/Bridgeport/Stratford/Shelton area of southwest Connecticut. Currently, UI’s existing Old Town Substation (Bridgeport) and Trap Falls Substation (Shelton) are operating at or near capacity.

UI expects to begin construction of the Project late in 2006 with a target in-service date of December 2007. Details about the Project will be included in UI’s application to the Council.

Additional information about this Project may be obtained from:

Kathleen M. Shanley
Director
Environmental, Safety & Real Estate
The United Illuminating Company
801 Bridgeport Avenue, MS-71
Shelton, CT 06484
