CONNECTICUT  
SITING COUNCIL

Dear Mr. Phelps:

SUBJECT: Docket No. 319-Groton, CT

Please consider this correspondence as follow-up to the Town of Groton's continued monitoring of the subject project. While the Town did not pursue party status in this application, the Town anticipates the development of the Tower in accordance with the recommendations made in my April, 2003 and June, 2006 letters. Therefore, at minimum, the tower is expected to be developed with a non-reflective exterior finish, no lighting (or as suggested by the Town if lighting is required by F.A.A.), and landscaped buffering should be included with the Alternate B site.

Thank you for your continued cooperation in meeting the Town's development standards as you apply the Council's standards.

Sincerely,

Michael J. Murphy, AICP  
Director of Planning and  
Development
