CONNECTICUT
SITING COUNCIL

DOCKET NO. 323

REQUEST BY NEW CINGULAR WIRELESS PCS, LLC
TO INTERVENE IN THIS PROCEEDING

Pursuant to Section 16-50n of the Connecticut General Statutes and Section 16-50j-15a of the Regulations of Connecticut State Agencies, New Cingular Wireless PCS, LLC ("Cingular") respectfully requests permission of the Connecticut Siting Council ("Council") to participate, as an intervenor, in the application and hearing process for MCF COMMUNICATIONS bg, INC.'s ("MCF") application for a certificate of environmental compatibility and public need for the construction maintenance and operation of a telecommunication facility on property located at 12 Carpenter Road in the Town of Bolton, Connecticut.

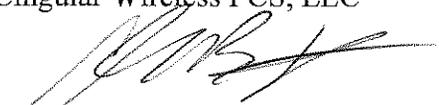

Cingular is licensed by the Federal Communications Commission ("FCC") to construct and operate a wireless communications system in various areas of the United States of America including the State of Connecticut in order to provide cellular and personal communication services to the public. Cingular has an interest in the application process to aid the Council in evaluating the public interest considerations set forth in Section 16-50g and 16-50aa of the Connecticut General Statutes. While Cingular has not yet committed to use of the proposed MCF Facility, Cingular has an interest in and need

for a new tower facility in the area to provide its services in portions of Manchester and Bolton.

The Council has admitted Cingular as an intervenor in previous dockets and Cingular proposes to participate in this application in support of the need for a new tower facility in this area of the State. For all the foregoing reasons, Cingular respectfully requests that it be named an intervenor in this proceeding.
