RE: **DOCKET NO. 323** - MCF Communications bg, Inc. and Omnipoint Communications, Inc. application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located at 12 Carpenter Road, Bolton, Connecticut.

At the Bolton hearing on January 24, 2007, Mr. Ray Myette, a resident in the area, provided to the Connecticut Siting Council (Council) a USGS quadrangle topographical map, which shows a two-mile radius around the proposed cell tower with existing/proposed towers and potential alternate sites as identified by Mr. Myette (shown with arrows). The Council has designated this map CSC Exhibit 1.

Enclosed is a copy of the map for your records.
