RE: **DOCKET NO. 325** – Cellco Partnership d/b/a Verizon Wireless application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility at 111 Upper Fish Rock Road in Southbury, Connecticut.

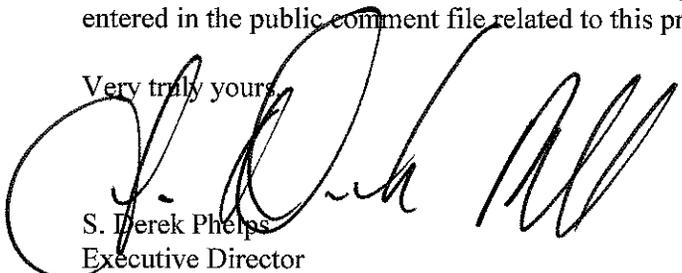

Dear Ms. Spiesz:

The Connecticut Siting Council is in receipt of your recent correspondence concerning Docket No. 325.

Before making its final decision on an application, the Council will carefully consider all the facts of the record. The record is developed by the Council; the applicant, parties and intervenors in the proceeding; and members of the public who speak at the hearing or submit written statements to the Council. The Council is guided by its jurisdiction under Connecticut State Law and endeavors to hold all proceedings fairly and open to the public.

Thank you for your interest and concern in this very important matter. Your letter will be entered in the public comment file related to this proceeding.

Very truly yours,

S. Derek Phelps  
Executive Director

RE: Cell Tower - Upper Fish Rock Road, Southbury, CT

Connecticut Siting Council  
Analyst - David Martin  
Ten Franklin Square  
New Britain, CT 06051

**RECEIVED**  
MAR - 6 2007  
CONNECTICUT  
SITING COUNCIL

Dear Mr. Martin:

Per our phone conversation on Feb 27<sup>th</sup>, I am a homeowner on Upper Fish Rock Road. The most recent correspondence received from Mr. Baldwin, attorney for Verizon, indicates that the new "proposed" driveway to the tower will be directly across from my property. My concern is that a major change to the landscape will affect the way my property looks and possibly my ability to market and sell my home.

Currently, there is no road or path in the proposed location. It is just woods. I respectfully request that a condition of the approval be that minimum changes to the landscape occur. That is I would like as few trees as possible removed to preserve the integrity of the landscape. I also request that the driveway remain unmarked and unobstructed. That is I do not want to see a chain link fence or large marker directly across from my property. Ideally, I would like to see nothing more than a gravel path.

Please accept this letter outlining my concerns and take this into consideration in the final approval of the tower.

Sincerely,

Debra A Spiesz
