Mayor Harry A. Watson
Town of Groton
45 Fort Hill Road
Groton, CT 06340

**Re: Proposed Development of a Telecommunications Facility
1294 Pleasant Valley Road North, Groton, Connecticut**

Dear Mayor Watson:

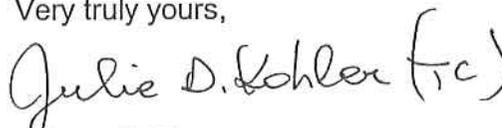

Enclosed please find two (2) copies of the technical report in compliance with Connecticut General Statutes Section 16-501(e) and in anticipation of filing an application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility at the above-referenced location. The technical report includes information regarding the public need for the facility, the site selection process, and the environmental effects of the facility.

The municipality may conduct public hearings and meetings as it deems necessary to provide recommendations or comments to Optasite Towers LLC concerning this proposal. If a hearing or meeting is scheduled, we request notice and will be pleased to provide an informational summary of the proposal. If the City has any recommendations or comments, it must provide them to us within sixty (60) days of the receipt of this filing.

We would like to meet with you (or your designee) to review the proposed project and will contact you next week to set up an appointment at your convenience.

If you have any questions, please do not hesitate to contact me directly.

Very truly yours,

Julie D. Kohler

Groton, CT 06340

Re: Proposed Development of a Telecommunications Facility
1294 Pleasant Valley Road North, Groton, Connecticut

Dear Messrs. Oefinger and Murphy:

Thank you for taking time last week to meet with us to discuss the technical report we filed on behalf of Optasite Towers, Inc. in anticipation of filing an application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility proposed for Pleasant Valley Road North.

Based on our discussions, we have double checked that the proposed plan does not require any tree removal as previously stated. Specifically, you had voiced concerns about a 42" oak tree that looked close to the compound. We have confirmed that there is no risk to that tree and that excavation for the tower will fall outside the drip line. Some smaller trees around the compound will require slight root trimming, but that will not affect their viability.

We anticipate finalizing a full visibility report in the next few days which we will forward to you upon receipt.

Mr. Mark R. Oefinger
Mr. Michael J. Murphy
Town of Groton

Please let us know at your earliest convenience whether the Town wishes to locate any emergency services equipment on the tower.

Please feel free to contact me if you have any additional questions or concerns.

Very truly yours,

Deborah S. Erickson
