Parties and intervenors will be allowed to submit briefs and proposed findings of fact within 30 days after the close of the hearing.

Such statements will become part of the record. No written statement or any other material, evidence, or other information will be accepted from any person not a party or intervenor to the proceeding after 30 days following the close of the hearing, except as otherwise prescribed by law or the Council.

A verbatim transcript of the hearing session(s) will be made and deposited with the Town Clerk's Office of the Redding Town Hall for the convenience of the public.

River east of Valley Road to approximately 800 feet AMSL. The monopole will be located at 643 AMSL. A site plan is included under Tab 10.¹

The Town Zoning Regulations address wireless communication facilities in Section 5.19 on page 116.2². Although this Facility is not subject to the Town of Redding's local zoning regulations, Sprint's Application to the Council fulfills many of the goals of Town's zoning regulations as they pertain to wireless communication facilities. According to the Zoning Regulations, "the intent of this Section is to balance the public need for adequate wireless telecommunication service with protection for the residential character, natural and cultural environment of the Town of Redding" (page 116.2). In addition, Section 5.19.2 goes on to enumerate more specific goals including (but not limited to): controlling the location so there is not an adverse impact on health and safety; limiting the height of the facility; requiring collocation; protecting scenic and historic areas; and limiting visual impact.

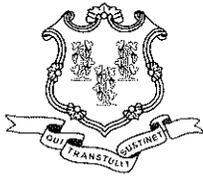

In fact, in this Application, Sprint addresses all those issues: health and safety (p 22); minimum height necessary (p. 13); collocation (p. 6); protection of scenic and historic areas (p. 24); and limiting visual impact (p20). Therefore, although Sprint is not required to comply with the Town of Redding's Zoning requirements, Sprint is, for all practical purposes, achieving the majority of the goals the Town has set forth.

B. ACCESS ROAD

Access to the Site emanates from Black Rock Turnpike and goes through the existing paved parking lot in front of, and to the eastern side of, the firehouse.

¹ Four full-sized site plans have been bulk filed.

² Four copies of the Town of Redding's Zoning Regulations and Inland Wetlands and Watercourses Regulations have been bulk filed.

The Honorable Natalie T. Ketcham
First Selectman
Redding Town Hall
100 Hill Road, P.O. Box 1028
Redding, CT 06875

RE: **DOCKET NO. 334** – Sprint Nextel Corporation application for a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located at 186 Black Rock Turnpike, Redding, Connecticut.

Dear First Selectman Ketcham:

The Connecticut Siting Council (Council) has scheduled a public hearing in your town in connection with the above-referenced proceeding. I am writing to invite you to participate in this hearing.

The Council fully understands that municipal input and guidance is absolutely necessary to achieve a thoughtful and balanced decision in matters such as this. Accordingly, I am extending to you my personal invitation to participate in the hearing that is scheduled on Wednesday, August 1, 2007.

Please be advised that the Council's processes enable the affected municipal governments to engage in meaningful discourse and, if they choose, to even assert a legal role in the proceedings of applications that come before the Council. Municipalities are afforded a right of pre-filed technical information and consultation with applicants 60 days before an application is filed with the Council. During this period the municipality may conduct public hearings and meetings, as it deems necessary. Both the municipal and applicant filings become part of the Council's record.

Once an application is filed with the Council at least one public hearing is held in the affected community as well as a public inspection of the proposed site. Your participation at such hearing may take many forms; municipal officials may make opening statements to the Council, present written documents, or may seek Party or Intervenor Status and put on a case with witnesses.

Our staff is available to assist you in understanding our process and your options. If you have questions, please contact Executive Director S. Derek Phelps (860 827-2935). In the event you have legal questions, please contact our Assistant Attorney General Robert Marconi (860 827-2682).

The Council weighs many issues before rendering its decisions. It is important that we know the Town's views as part of that decision making process. We hope you will take part in our hearing process.

Sincerely,

Daniel F. Caruso
Chairman
