**Re: Proposed Development of a Telecommunications Facility

Dear Mayor Della Volpe:

I would like to thank you for the opportunity to meet with you on April 3rd to discuss the proposed telecommunications facility located at 1 Deerfield Lane, Ansonia.

Due to the fact that the City has not articulated any opposition or intention to conduct public meetings on this application, we respectfully request that the City waive its 60-day consultation period so that we can file our formal application with the Connecticut Siting Council. Please note that waiver of this period will not affect the rights of the residents or the City to voice their opinions on the matter. Each of the abutting landowners will still receive notice of the filing of the application and the Siting Council, pursuant to its regulations, will still conduct a public hearing regarding the application in Ansonia where all members of the public will have an opportunity to voice their opinions regarding the application.

For your convenience, I have enclosed a draft letter to Derek Phelps, the Executive Director of the Connecticut Siting Council, communicating the City's intent to waive the consultation period. I am happy to forward an electronic version if you wish to make changes.

We appreciate your consideration of this request. Please let me know if you need any additional information.

Very truly yours,
