RE: **DOCKET NO. 370** - The Connecticut Light and Power Company Certificate of Environmental Compatibility and Public Need for the Connecticut portion of the Greater Springfield Reliability Project that traverses the municipalities of Bloomfield, East Granby and Suffield, Connecticut. Development & Management Plan Revisions.

Dear Mr. Carberry:

At a public meeting of the Connecticut Siting Council (Council) held on September 20, 2012, the Council considered and approved the revisions to the Development and Management (D&M) Plan for the Greater Springfield Reliability Project 345-kV overhead transmission line for the addition of a short footpath within the CL&P right-of-way over the property of Mr. Edward Pelletier at 196 Newgate Road, East Granby, Connecticut.

This approval applies only to the Development and Management Changes submitted on September 4, 2012. Any changes to the D&M Plan require advance Council notification and approval.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u. Enclosed is a copy of the staff report on the changes to the D&M Plan, dated September 20, 2012.

Thank you for your attention and cooperation.

Very truly yours,

A handwritten signature in cursive script that reads "Robert Stein".

Robert Stein

Docket No. 370

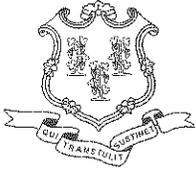

The Connecticut Light and Power Company
Greater Springfield Reliability Project
September 20, 2012

On September 6, 2012, The Connecticut Light and Power Company (CL&P) submitted a request for a change to the Development and Management (D&M) Plan for the Greater Springfield Reliability Project 345-kV overhead transmission line. CL&P proposes the addition of a short footpath within the CL&P right-of-way over the property of Mr. Edward Pelletier at 196 Newgate Road, East Granby, CT.

Mr. Pelletier contacted CL&P in the spring of 2012 requesting a ramp extending from his property over the CL&P ROW to allow for improved vehicle and pedestrian access to the ROW to access the nearby Metacomet Trail. CL&P would construct a four-foot wide S-shaped footpath over a distance of approximately 20 feet to enable the crossing of a berm adjacent to the ROW access road, which functions as part of the drainage plan for Newgate Road.

The proposed revisions are consistent with the D&M Plan change process outlined in Appendix F of the D&M Plan. The revisions are minor and the plan is consistent with the Council's Decision and Order.
