*RE: Proposed Development of a Telecommunications Facility
50 Devine Street, North Haven, Connecticut*

Dear Mr. Fredricksen:

As part of the collaborative municipal consultation process, I am pleased to provide the Commission with 14 copies of the revised plans for the facility, which, among other things: (1) moves the monopole to a point that is 90 feet from the nearest property line; (2) provides a setback equal to three-quarters of the height of the monopole; and (3) includes the specifications for the compound. I have also enclosed 14 copies of the property map.

We look forward to meeting with the Commission on August 3, 2009.

Very truly yours,

Monte E. Frank
