RE: **DOCKET NO. 388** - New Cingular Wireless PCS, LLC (AT&T) Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunications facility located at 1990 Litchfield Turnpike, Woodbridge, Connecticut. Revisions to the Development and Management Plan.

Dear Attorney Laub:

At a public meeting of the Connecticut Siting Council held on March 3, 2011, the Connecticut Siting Council (Council) considered and approved the revisions to the Development and Management (D&M) Plan dated February 9, 2011.

This approval applies only to the D&M Plan revisions dated February 9, 2011. Any changes to the D&M Plan require advance Council notification and approval.

Please be advised that deviations from this plan are enforceable under the provisions of the Connecticut General Statutes § 16-50u. Enclosed is a copy of the staff report on this D&M Plan, dated March 3, 2011.

Thank you for your attention and cooperation.

Very truly yours,

Daniel F. Caruso
Chairman

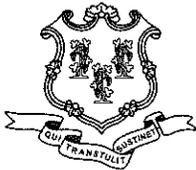

DFC/MP/laf

Enclosure: Staff Report, dated March 3, 2011

c: Parties and Intervenors
The Honorable Edward Maum Sheehy, First Selectman, Town of Woodbridge
Terry Gilbertson, Zoning Enforcement Officer, Town of Woodbridge

Docket No. 388
1990 Litchfield Turnpike
Modification to Approved D&M Plan
DRAFT Staff Report
March 3, 2011

On October 27, 2010, the Connecticut Siting Council (Council) approved New Cingular Wireless PCS, LLC's (AT&T) Development and Management Plan (D&M Plan) for a telecommunications facility at this site. On February 9, 2011, the Council received proposed modifications to the D&M Plan.

Specifically, the drainage collection area and culvert would be moved up hill to avoid an on-site barn structure and prevent the removal of two hardwood trees. This change would allow the proposed culvert pipe to discharge onto the property further away than the original design. Also, the outflow level spreader would be moved more to the north to increase the distance that the flow would travel to allow the water to spread out more, thus reducing potential impacts. These changes are proposed to meet the conditions of the Town of Woodbridge Zoning and Building Permits.

Lastly, given the difficulty of undergrounding the utilities with the steep slopes, AT&T would run the utilities overhead for approximately 60 feet to a new riser pole on the property. Utilities would then continue underground to the compound. The United Illuminating Company has no objection to the proposed utility plan changes.
