RE: **DOCKET NO. 402** - Cellco Partnership d/b/a Verizon Wireless Certificate of Environmental Compatibility and Public need for the construction, maintenance and operation of a telecommunications facility located at 16 Bell Road Extension, Cornwall, Connecticut.

Dear Mr. Lemley:

At a public meeting of the Connecticut Siting Council (Council) held on September 18, 2014, the Council approved the transfer of the Certificate of Environmental Compatibility and Public Need (Certificate) for the above-referenced facility from Cellco Partnership d/b/a Verizon Wireless to Construction Services of Branford, LLC. This approval of transfer is consistent with Connecticut General Statutes §16-50k(b) and conditioned on the consent of Construction Services of Branford, LLC to comply with all the terms, limitations, and conditions contained in said Certificate issued on October 21, 2010, and on the timely payment of apportioned assessment charges for the facility under Connecticut General Statutes § 16-50v(b)(2).

The Council also approved a twelve-month extension of time until April 25, 2016, to complete construction of this project.

Thank you for your attention and cooperation.

Very truly yours,

Robert Stein  
Chairman
