Re: Connecticut Siting Council Docket No. 415 – Celco Partnership d/b/a  
Verizon Wireless

Dear Ms. Roberts,

The Connecticut Siting Council has reopened the Docket No. 415 hearing so that it may consider a proposal by American Tower Corporation to rebuild its existing tower in the southeast corner of the Quasset Hill Farm property.

As indicated in the Celco Partnership d/b/a Verizon Wireless proposal, the tower would be placed in the central portion of the 30 acre parcel, which is 20' north of the existing American Tower Corporation. This location would be far less intrusive on the neighbors than the American Tower Corporation's alternative. As First Selectman of the Town of Woodstock it is my opinion that the Celco/Verizon Wireless proposal is the best option available for locating this tower.

Sincerely,

Allan D. Walker, Jr.  
First Selectman
