REPORT OF FORECAST OF LOADS AND RESOURCES
MILFORD POWER COMPANY LLC

Pursuant to the provisions of Section 16-50r of the General Statutes, Milford Power Company LLC as a private power producer submits the following:

(3) A list of existing generating facilities in service

Milford Power Company LLC has two units in operations at its facility in Milford Connecticut

Milford Power Unit 1 270 MW (Nominal)

Milford Power Unit 2 270 MW (Nominal)

(4) A list of scheduled generating facilities for which property has been acquired, for which certificates have been issued and for which certificate applications have been filed

None

(5) A list of planned generating units at plant locations for which property has been acquired, or at plant locations not yet acquired, that will be needed to provide estimated additional electrical requirement, and the location of such facilities

None

(8) For each private power producer having a facility generating more than one megawatt and from whom the person furnishing the report has purchased electricity during the preceding calendar year, a statement including the name, location, size and type of generating facility, fuel consumed by the facility and the byproduct of the consumption.

Name: Milford Power Company LLC

Location: Milford Connecticut

Size: Milford Power Unit 1

270 MW (Nominal)

Milford Power Unit 2 270 MW (Nominal)
