Docket No. F-2012/2013

June 7, 2012

REQUEST FOR INTERVENOR STATUS

To: Chairman Robert Stein
Connecticut Siting Council
Ten Franklin Square
New Britain, Connecticut 06051

ISO New England Inc. (the "ISO") of One Sullivan Road, Holyoke, Massachusetts 01040, hereby requests that the Connecticut Siting Council (the "Council") grant it intervenor status in the above-captioned proceeding pursuant to Section 16-50n and Section 4-177a of the Connecticut General Statutes and Section 16-50j-15a of the Regulations of Connecticut State Agencies.

The ISO is a Regional Transmission Organization ("RTO") which serves as the independent system operator of New England regional electric system and exercises operational control of the transmission system in New England, including Connecticut. Because it is responsible for the day-to-day reliable operation of the New England region's electric generation and transmission system and is charged by the Federal Energy Regulatory Commission ("FERC") to plan for and ensure a reliable electric power system for New England, the ISO has substantial interests in assuring that electric system resources are adequate to reliably meet forecasted loads for Connecticut.

Therefore, the ISO has significant interests at stake in this proceeding.

The ISO requests intervenor status in this docket in order to monitor the proceedings by receiving filings and notices from the Council and other parties and intervenors. The ISO may also participate in the proceeding by presenting expert witnesses. The ISO's participation will not impair the orderly conduct of the proceedings.

The ISO requests that it be included on the service list for this docket as follows:
