RE: **PETITION NO. 1010** - New Cingular Wireless PCS, LLC petition for a declaratory ruling that no Certificate of Environmental Compatibility and Public Need is required for the proposed installation of an concealed tower on a water tank and associated equipment at a water treatment water plant located at 455 Valley Road, Greenwich, Connecticut.

Dear Attorney Fisher:

The Connecticut Siting Council (Council) requests your responses to the enclosed questions no later than February 2, 2012. To help expedite the Council's review, please file individual responses as soon as they are available.

Please forward an original and 15 copies to this office and a .pdf. In accordance with the State Solid Waste Management Plan, the Council is requesting that all filings be submitted on recyclable paper, primarily regular weight white office paper. Please avoid using heavy stock paper, colored paper, and metal or plastic binders and separators. Fewer copies of bulk material may be provided as appropriate.

Yours very truly,

Linda Roberts
Executive Director

Parties and Intervenors

PRE-HEARING INTERROGATORIES
PETITION 1010 - GREENWICH
NEW CINGULAR WIRELESS PCS, LLC (AT&T)
JANUARY 23, 2012

1. What is the distance if the nearest residence to the proposed facility?
2. How many residences are located within radius of the proposed facility?
3. What of its licensed frequencies would AT&T use at the proposed site? What is the frequency used in the coverage plots behind Tab G? Provide additional coverage plots at other frequencies that AT&T intends to use at the proposed site?
4. Is the proposed site within a Federal Emergency Management Agency designated floodplain?
5. Is the proposed site within a Natural Diversity Database area? Has AT&T corresponded with the Department of Energy and Environmental Protection regarding wildlife?
6. What would AT&T use for backup power? How long would that last in the event of a power failure?
