Re: Petition No. 377. The United Illuminating Company ("United Illuminating")
Petition that no Certificate is Required for Modifications to United
Illuminating's Bridgeport Harbor Station for Constructing a 520 MW Combined
Cycle Gas Turbine Generating Project in Bridgeport, Connecticut - Request of
Bridgeport Energy to Reopen and Modify the Decision and Order in Petition
No. 377 to Allow Bridgeport Energy to Operate Exclusively on Natural Gas

Dear Ms. Roberts:

As requested by Attorney Bachman, please treat the November 17, 2010 filing of
Bridgeport Energy, L.L.C. in the above-referenced matter as a "request," pursuant to
Section 4-181a(b) of the Connecticut General Statutes, to reopen and modify the Decision
and Order in Petition No. 377 based on changed conditions.

Please note that in conjunction with the November 17, 2010 filing, we submitted a
check in the amount of \$625.00 as a filing fee. I understand that there is no filing fee for
requests to reopen a petition for changed conditions. Rather than returning the check,
please retain it and apply the funds to any administrative costs that may be charged to
Bridgeport Energy on this proceeding.

If you have any questions or require additional information, please do not hesitate to
contact me

Sincerely,

Andrew W. Lord
