The Honorable Neil A. Dupont, Sr.
First Selectman

RE: **PETITION NO. 784** – Plainfield Renewable Energy, LLC petition for a declaratory ruling no Certificate of Environmental Compatibility and Public Need is required for the proposed construction, maintenance, and operation of a 37.5 MW Wood Biomass Generating Project, Plainfield, Connecticut.

Dear Mr. Dupont:

The Connecticut Siting Council (Council) scheduled a public hearing in your neighboring town in connection with the above-referenced proceeding scheduled on Thursday, November 16, 2006. Although not required by law in a petition for declaratory ruling, because of the nature of this filing the Council has concluded that a public hearing is appropriate. I am writing to invite you to participate in this hearing.

Please be advised that the Council's processes enable municipal governments to engage in meaningful discourse and, if they choose, to even assert a legal role in the proceedings of applications that come before the Council. Your participation at such hearing may take many forms; municipal officials may make opening statements to the Council, present written documents, or may seek Party or Intervenor Status and put on a case with witnesses.

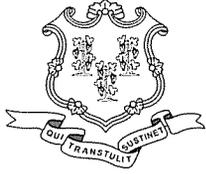

Our staff is available to assist you in understanding our process and your options. If you have questions, please contact Executive Director S. Derek Phelps (860 827-2935). In the event you have legal questions, please contact our Assistant Attorney General Robert Marconi (860 827-2682).

The Council weighs many issues before rendering its decisions. It is important that we know the Town's views as part of that decision making process. We hope you will take part in our hearing process.

Sincerely,

Daniel F. Caruso
