Re: **Petition 784** - Petition of Plainfield Renewable Energy LLC for a Declaratory Ruling that No Certificate of Environmental Compatibility and Public Need Is Required for the Construction, Maintenance, and Operation of a 37.5 MW Wood Biomass Staged Gasification Generating Project in Plainfield, Connecticut

Dear Chairman Caruso:

During the November 16, 2006 Siting Council hearing on the above Petition, Plainfield Renewable Energy's air permitting consultant, Michael Holzman, corrected typographical errors in the PRE Petition. Attached are the following revised pages that reflect Mr. Holzman's corrections: (i) page 101 of the Petition; and (ii) pages 6 and 10 of Petition Exhibit B (Cooling Tower Impacts Analysis).

Very truly yours,

Bruce L. McDermott
