Dear Mr. Potter:

The Connecticut Siting Council (Council) will be discussing the above referenced application at the Council's energy and telecommunications meeting scheduled for December 12, 2006. It is anticipated the Council will select January 4, 2006 as the date of the Council's hearing on this matter. If the date is approved, the Council would conduct the hearing at the Bacon Academy Auditorium, 611 Norwich Road in Colchester beginning at 3:00 p.m. and continued at 7:00 p.m. A field review of the site would be conducted at 2:00 p.m. on January 4, 2006.

To ensure adequate public notice of the project, the Council requests the following notification procedures:

1. At least ten business days prior to the public hearing, the applicant shall erect and maintain, in a legible condition, a sign not less than six feet by four feet at the entrance to the property from a public road where the proposed facility is to be located. The sign shall set forth the name of the applicant, the type of facility, the public hearing date, and contact information for the Council (Web site and phone number).
2. At least ten business days prior to the public hearing, the applicant shall publish notice of the application and scheduled hearing in newspapers serving the affected communities. The notice shall state the name of the applicant, date of the filing, summary of the application, and information regarding the time and place of the field review and public hearing.
3. At least ten business days prior to the public hearing, the applicant shall provide notice of the application and scheduled hearing by certified mail to all abutting landowners of the proposed facility.
